MAKING OF
MASTER MINDS

CELEBRATING KNOWLEDGE

Today, we all witness the spirit of knowledge, bestowed upon us by means of DPU. This is our celebration of persistent efforts and hardwork.

This day marks the onset of the students on their career path. It's a moment of glory and pride. With our elevated spirits, the joy of our success resonates in the centuries to come.

To every great invention, there is a great imagination!

CELEBRATING MYRIAD EFFORTS

Education must enrich life. And that is what we do at DPU. We are a missionary force of Educationists committed to higher education, solid value systems and innovation.

We join hands with Universities across the world for achieving our common goals of delivering world class citizens.

If we can dream of it, we can do it!

ETHOS OF THE UNIVERSITY

DPU, in its Fifth Convocation, has proved itself undoubtedly a flagship University in India.

We draw all our students towards their goals and career paths.

Dream no small dreams, for they have no power to move the hearts of men!

Retreat of the Convocation Procession

Dr. P.D. PATIL

FROM THE PRESIDENT'S DESK

- BY Dr. P.D. PATIL

It is with great pride and honour that we welcome you to the ever expanding world of Dr. D.Y. Patil Vidyapeeth, Pune. A place where education and research acquire new dimensions every single day. A place that believes in the combination of academia, values and Indian culture.

Therefore, it is not surprising that Dr. D.Y. Patil Vidyapeeth, Pune has celebrated its Fifth Convocation this year. We have till date had extremely illustrious personalities like Dr. A.P.J. Abdul Kalam, Smt. Pratibha Patil and Shri Sharadchandra Pawar to do these honours.

All of our esteemed guests have shared with our students their experiences and put them on the path to make their motherland and alma mater proud.

With a great deal of delight, we present to you all the recordings of the Fifth Convocation of Dr. D.Y. Patil Vidyapeeth, Pune.

Dr. K.B. POWAR

WORDS BY CHANCELLOR

- Dr. K.B. POWAR

It is said that just as teachers make students, students also make, or at least remould, teachers. The statement rings the truest when academicians see their students holding their degrees proudly in their hands.

Dr. D. Y. Patil Vidyapeeth, Pune, has celebrated its Fifth Convocation this year. It was indeed an important event characteristic of our journey of mere ten years.

For an educational institute, sending out its students into society to cater to its needs comes with mixed feelings.

Today, as we let our students take on their share of responsibility and challenges in the outside world, we are confident, they will succeed, for we have not only tried to instill into them the words of wisdom of intellectuals, but have also tried to equip them with worldly, practical wisdom.

I must also stress on all (faculties, staff, students, management) to follow the sage advice of our honoured guests.

We are proud to put before you the proceedings of the Fifth Convocation of Dr. D. Y. Patil Vidyapeeth, Pune.

Dr. P.N. RAZDAN

MESSAGE BY VICE CHANCELLOR

- Dr. P.N. RAZDAN

Convocation, for a University, is not just about the students. It is a celebration of the determination and diligence that students as well as faculty, staff and parents put in so that students reach the pinnacles of excellence in their respective academic domains.

Dr. D.Y. Patil Vidyapeeth, Pune takes the opportunity of the Convocation to put our students at centre stage and launch their careers at the hands of eminent personalities who have carved a niche for themselves in social and professional lives.

We have very recently celebrated our Fifth Convocation. And once again, our students, faculty and staff have made us proud. Our distinguished guests have shared their experiences and secrets of success with our students, giving them a wonderful takeaway as they enter the society at large.

We feel that the proceedings of the fifth Convocation would prove a helpful guidance to our future students as well as staff, faculty and other shareholders. Very proudly, we present to you the proceedings of the Fifth Convocation of Dr. D.Y. Patil Vidyapeeth, Pune.

DPU

Dr. D.Y. PATIL VIDYAPEETH, PUNE
(DEEMED UNIVERSITY)

VICE CHANCELLOR'S REPORT

- BY Dr. P.N. RAZDAN

Hon'ble Shri. Shrinivas Patil, Governor of Sikkim; Dr. P. D. Patil, President of the University; Dr. Sanjay Patil, President, D.Y. Patil Education Society, Kolhapur; Prof. K. B. Powar, Chancellor of the University; Members of the Board of Management and of the Academic Council; Deans of Faculties; the proud graduands of the day; Students; Parents; Faculty & Staff members of the Vidyapeeth; Distinguished Guests; Members of Press and Media; Ladies & Gentlemen,

It is my profound pleasure to welcome all of you on this auspicious occasion of the Fifth Convocation of Dr. D. Y. Patil Vidyapeeth, Pune. It gives me great pleasure to welcome Hon'ble Shri. Shriniwas Patil, Governor of Sikkim. We are extremely grateful to you Sir, for agreeing to spend your valuable time to inspire our students and provide them your experienced counsel regarding life and education.

It is my privilege to congratulate all the graduands, their teachers and parents. Degrees will be awarded in this Convocation to a total of 416 undergraduate, 333 postgraduate students and 10 Ph.D. fellows who have completed their studies and passed the examinations during this period. University medals will be awarded to 19 candidates who have secured highest marks in different disciplines.

Dr. D. Y. Patil Vidyapeeth, Pune, through its activities of teaching, research and extension, has contributed significantly to the creation and dissemination of knowledge relevant to the need of the society. It has gained a unique place on the national academic map through its quality researches both in area of fundamental disciplines and other emerging areas. As a result of the intellectual acumen and incessant devotion of its teaching community, DPU takes immense pride in creating professionals who are globally competitive and locally responsive. The undergraduate and postgraduate courses are designed to build a strong foundation, while also offering a wide range of value added and innovative courses.

Let me take this opportunity to share with you some of the recent achievements and

incessant developments at Dr. D. Y. Patil Vidyapeeth, Pune. There are many milestones that DPU has crossed this year. Some of our institutes have figured high in rankings released by various agencies, be it the Faculty of Medicine or Faculty of Dentistry. I cannot do justice to all the important landmarks attained by DPU during the year, but let it suffice to say that there are many and I am sure more will follow in the days to come.

At the heart of this effort is the conscious development of innovative curricula that prepare professionals for the demands and challenges of the 21st century. The university has created unique learning experiences that focus on all-round student development. It provides market-driven curricula, developed, tested and continually improved upon by faculty and other stakeholders through regular outcomes assessment. The curricula aim at providing competency-based patient-centered education in medical and health sciences. Recently Ministry of Health and Family Welfare, Government of India has given its approval to start MD in Emergency Medicines, which is first such programme in Pune region.

RESEARCH

Across its academic departments, the University can boast of the commendable performance of its faculty members, particularly of their quality research output, which is evinced by nearly 450 publications since the last convocation in various peer-reviewed, national and international journals as well as conference proceedings, books and monographs. The Ph.D. programme in the University has also enhanced considerably

during the recent years. Presently, there are 199 registered doctoral students. All thesis and research publications are checked for plagiarism through software available in the Vidyapeeth. It is not possible to give a full list of publications in esteemed referred journals and individual research funding received; however, an account of some achievements given below is an indication of the quality of research at DPU today.

- Recently 29 ICMR-STS projects have been sanctioned by ICMR to our Medical College, which is probably the highest number of projects sanctioned by ICMR to a single Medical College during 2014. Similarly, 6 ICMR-STS projects have been approved for our Dental College.
- Swedish International Development Cooperation Agency (SIDA), had sanctioned two joint research projects between our university and University of Skövde during 2011-12 for a sum of Rs. 66 lakh. It is my pleasure to report that both these projects have been successfully completed and apart from number of papers published, it is also proposed to submit a joint patent to the competent authorities. Similarly, three ongoing research projects sanctioned by DST for about Rs. 90 lakh to DPU have provided excellent opportunity to our faculty and students to work on applied aspects.
- Institute of Biotechnology has already submitted five more research projects to external funding agencies for more than 1 Crores.
- Department of Paediatrics of the Medical College has received a grant of Rs. 30 lakh from Panacea (WHO) for developing EPI Polio Vaccine to find out Polio End-Game Strategy.
- Department of Oral Pathology and Microbiology of the Dental College, has received a grant of Rs. 8.5 lakh from ICMR for study of oral psychosomatic disorders in caregivers of oral squamous cell carcinoma patients and their correlation with salivary cortisol level, salivary dehydroepiandrosterone levels and psychological factors.

INTERNATIONAL RESEARCH COLLABORATIONS

DPU has been able to achieve the highest levels of teaching and research in the healthcare by mentoring some of the finest students, producing outstanding research publications and achieving path-breaking research findings. International assignments for Teaching,

Research and Consultancy and for exploring possible exchanges are a regular feature at DPU. The International linkages of DPU have helped it in drawing upon the wisdom built up at the partner institutions of repute.

- The Department of Global Health Education, John Hopkins University, plans collaboration with the medical and nursing institutes of DPU to provide global health training to their students at DPU by fostering a collaborative learning environment. Last year a group of engineering and medical students from John Hopkins University were with us to discuss the development of innovative and low cost medical devices.
- DPU is soon starting an inter-disciplinary collaborative research project with the John Hopkins University on “Pattern of Antibiotic Resistance in Febrile Illness Cases,” which will involve the Departments of Microbiology along with the Department of Medicine & Department of Pediatric of our Medical College.
- Since March 2012, DPU is regularly participating in India HIV Case discussion through video conference on every third Wednesday conducted by Department of Clinical Global Health Education, John Hopkins University, with number of participating centers and this program is witnessed live worldwide in many countries and recently our undergraduate students also had an opportunity to interact with John Hopkins medical students to discuss Integrated approach to Coronary Artery Disease.
- Indo-Tunisia Joint project entitled 'Comparative Study of Actinomycetes Biodiversity in India and Tunisia' under the POC with Tunisian Government funded by DST has already generated some very interesting results.
- Under a MoU of DPU with University of Hong Kong, for Collaborative Research in the areas of Dentistry, our faculty Dr. Aneesha Acharya, is pursuing a joint collaborative research project titled “Microbiological and Host-Response Bio-Markers of Peri-implant Mucositis” at Hong Kong for partial completion of her M.Phil degree from University of Hong Kong.
- Linnaeus Palme programme for supporting long term collaboration between Sweden & India, initiated in 2012, has been operationalised with the faculty exchange between two universities.
- Following collaboration of DPU with the highest body of Dental Implantology of World, Academy of Osseo integration USA, as Indian Charter “Centre of Excellence for Dental Implants” is been established in the Dental College.

FACULTY/STUDENTS PARTICIPATING IN INTERNATIONAL CONFERENCES

DPU encourages participation of its Students & Faculty in International Conferences & Seminars so as to promote innovation in technology, participation across the value chain of higher education - curriculum, faculty development, research etc, enhancing quality.

To this effect these participations also benefit global industry oriented and job-relevant practices in different aspects of education to enhance employability of students.

- UG students from Medical College participated in the IPPNW (International Physicians for Prevention of Nuclear War) Conference held at Germany in May/June 2013.
- Dr. Parikshit Gogate from Department of Ophthalmology attended “International Conference on Intercontinental Perspective of Paediatrics Ophthalmology & Strabismus” from 14th to 16th July 2013 in Singapore.
- Dr. Anu Gaikwad from Department of General Medicine attended “Symposium Metabolic Update 2013” from 29th July to 3rd August 2013 in Guangzhou, China.
- Dr. Megha Kotecha and Dr. Pallavi Patil from Department of Ophthalmology attended “9th International Symposium of Ophthalmology” on 9th to 11th November 2013 in Guangzhou, China.
- Dr. P. S. Shende from Department of General Medicine attended “Conference on Heart, Diabetes & Hypertension” on 3rd to 6th September 2013 in Kathmandu, Nepal.
- Dr. Chirag Bhandari from Department of General Surgery attended “21st United European Gastroenterology Week” on 13th to 16th October 2013 in Berlin, Germany.
- Dr. Sachin Sarode from Department of Oral Pathology and Microbiology presented a Scientific Paper and Poster at “International Association of Oral Oncology” on 15th to 18th May 2013 in Rhodes Island, Greece.
- Dr. Pushkar Waknis from Department of Oral and Maxillofacial Surgery attended “21st International Conference on Oral and Maxillofacial Surgery” from 21st to 24th October, 2013 in Barcelona, Spain.
- Dr. D. Gopalakrishnan and Dr. Rahul Kathariya from Department of Periodontology attended and presented a Scientific Paper at “2nd Meeting of the International Association for Dental Research Asia Pacific Region” from 21st to 23rd August, 2013 in Bangkok, Thailand.
- Dr. Neelu Nawani visited University Medical Centre, Mannheim, Germany for research collaboration and University of Skövde, Sweden during 17th May to 3rd June, 2013.
- Dr. M. B. Khetmalas, visited University of Skövde, Sweden under Linnaeus-Palme Foundation programme from 7th to 16th September, 2013 for possibilities of faculty & student exchange.
- Dr. M. B. Khetmalas attended an International Conference on “International des Sciences Biologiques- 2014” held at De Hammes, Tunisia from 25th to 27th March, 2014.
- Dr. Neelu Nawani and Ms. Rupali Aursang from Biotechnology Institute presented a paper on Algae & Actinomycetes in the International des Sciences Biologiques 2014 held at De Hammes, Tunisia on 24th to 29th March, 2014. They also presented a paper on COPD markers in the International Conference of Arts & Sciences held from 30th March to 3rd April, 2014 at Paris, France.

CONFERENCES, SEMINARS, WORKSHOPS ORGANIZED AT DPU

Various institutes of DPU have been engaged in organizing seminars / conferences / workshops / invited lectures / refresher courses etc. with financial support from the university or in collaboration with other funding agencies /

organization. By way of such events, our opinions are put forth and shared with others in the same field and weighed against criticism. Some of the events organized are as follows:

- The Dr. D. Y. Patil Biotechnology and Bioinformatics Institute organized the “International Conference on Advances in Biotechnology and Bioinformatics (ICAAB-2013)” during 25th to 27th November, 2013. In addition to about 50 delegates from 22 countries, over 500 biotechnologists from India participated in the conference.
- Workshop on “Diversity of Actinomycetes in India & Tunisia a geographic perspective” was organized at DPU on 28th November, 2013 wherein apart from Indian workers, scientists from Tunisia & Sweden also participated.
- Workshop on “COPD: persuasions on diagnosis & prevention” funded by Swedish International Development Cooperation Agency, SIDA was held on 29th November, 2013 during which possibility of prevention and new diagnostic methods in COPD were discussed by the scientists of university of Sweden & DPU.
- Workshop on 'Metal Menace' funded by Swedish International Development Cooperation Agency, SIDA was held on 20th December, 2013. The status of metal pollution in some water bodies around Pune city & possible biological remedies were discussed during the deliberations.
- A CDE Program on “Sub-epithelial connective tissue graft – A Clinicians Perspective” was held on 28th October 2013 by Department of Periodontology and Oral Implantology. Live Surgical Demonstration for the first time in India was conducted by Dr. W Peter Nordland, President, International Society of Periodontal Plastic Surgeons from USA, 250 participants from all over India attended the programme.
- Department of Paediatrics organized Annual National Conference of Adolescent Health Academy “ADOLESCON 2013” on 23rd and 24th November 2013. The theme of this conference was “Towards stress free Adolescence”. More than 300 delegates from all over the country participated actively in the conference.
- Workshop on Oral Oncology was organized by Department of Oral and Maxillofacial Surgery in collaboration with Tata Memorial Cancer Hospital, Mumbai on 21st & 22nd September 2013. Live Surgical Demonstration was conducted by Dr. Anil D'Cruz & Team.
- A CDE Programme on Esthetic Dentistry sponsored by Ellem Tokoyama, Japan was organized by Department of Conservative Dentistry and Endodontics and Department Pedodontics and Preventive Dentistry on 6th August, 2013 in association with Dental Institute for Continuing Education (DICE) & International Association of General Dentistry (IAGD).
- Dr. Yoshitaka Nijitomi from Japan was the Key Note Speaker for a CME Program entitled “Dementia” on 21st September 2013 organised by Department of Psychiatry.
- Department of Microbiology organized a CME Program entitled “Recent advances in the early diagnosis of sepsis” on 13th September 2013.

- Department of Pulmonary Medicine organized a CME Program entitled “MDR and XDR TB” on 10th December 2013.
- Department of Radiology organized a CME Program entitled “Interventional Radiology” on 24th December 2013.
- A CDE Program entitled “How to get started Implantology” by Dr. Ashok Patel was conducted on 21st & 22nd November, 2013.
- Department of Conservative Dentistry & Endodontics organized CDE Programme on “Selecting a Composite Restorative material/combinations that work” on 5th September 2013.
- Department of Orthodontics & Dentofacial Orthopaedics organized CDE Programme on “Lecture on Practice Management” on 5th September 2013
- Department of Prosthodontics organized CDE Programme on “Implants for One & All” on 20th September 2013.
- Department of Public Health Dentistry organized CDE Programme on “Research Methodology and Biostatistics” in association with Indian Association of Public Health Dentistry Maharashtra on 26th to 28th August 2013.
- Department of Anaesthesiology organized a CME Program entitled “Hypertension and Anaesthesiology” on 14th September 2013.
- Seminar on “Child Psychology” was organized by Physiotherapy College on 27th September 2013.
- Physiotherapy College organized a Seminar on “Obesity Management” on 17th October 2013.
- Physiotherapy College organized a CME on “ICU Management” at Life Point Hospital, Pune on 21st September 2013.
- Physiotherapy College organized a workshop on “Mulligan's Concept” during 12th to 15th and 26th to 29th September 2013 at Hotel Kapila, Pune.
- Hands-on Workshop on “Bobath and Adult Hemiplegia” was conducted at Physiotherapy College on 21st February 2014.

FACULTY ACHIEVEMENTS

The sustained efforts of our faculty members aiming to acquire updated techniques of teaching have been widely acknowledged at various forums. Our faculty members were invited to address and participate in various conferences/workshops as key note speakers or

to chair the technical sessions. Recently one of our faculty members from Dental College, Dr. Sachin Sarode completed his 6 month Fulbright Nehru Doctoral and Research Fellowship Program at The Ohio State University USA. Details of some of the achievements of faculty:

- The Department of Radiology have made thirteen oral presentations and eleven posters presentations in the 6th edition of "Ultrafest 2014" conference organized by Maharashtra state at Mumbai on 18th to 20th April, 2014.
- Dr. Vasanti Arole has been awarded Founder Fellowship of Anatomical Society of India at 61st National Conference of Anatomical Society of India in Chandigarh on 22nd to 25th November 2013.
- Mrs. Anita Barde shortlisted for GUFIC prize in Oral Presentation in IPS Conference held at NIMHANS, Bangalore on 16th December 2013.
- Dr. A. L. Kakrani was invited as a Guest Lecture at the National Seminar on Hospital / Healthcare Management, at Symbiosis International University, Pune on 4th May 2013.
- Dr. S. K. Sharma chaired a session and felicitated as a "Revered Teacher" at the National Medicine Update at AFMC, Pune on 21st September 2013.
- Dr. S. P. Dubhashi
 - Invited as Chairperson for the Session on "Pilonidal Sinus" at the 17th National Fellowship Training Course in Coloproctology held at Varanasi on April 2013.
 - Invited as Chairperson for Scientific Session for FICS at the 59th National Conference of International College of Surgeons held at Lucknow on November 2013.
 - Invited as Chairperson for Scientific Session at the 73rd National Conference of Association of Surgeons of India held at Ahmedabad on December 2013.
- Dr. Girish Bhopale, delivered guest lecture on "Recent advances in the development of HIV drugs" during UGC sponsored National seminar organized by Dept. of Microbiology, J. M. Patel College, Bhandara on 26th October 2013.
- Dr. CVJ Franklin delivered guest lecture on Office Ergonomics - Mobility Account in TCS Company, Sayadri Park, Pune, on 26th December 2013.
- Dr. Priyadharshini was awarded 1st prize in Paper presentation at National Conference of "Electrophysiology and Neurology Trends in Electrodagnosis and Research" ENTER-2014 held on 31st January - 1st February 2014 in D. Y. Patil University, Kolhapur.

STUDENTS' ACHIEVEMENTS

I am happy to share with you the achievements of our students who have made the university proud on many occasions. I cannot exhaustively list all the laurels earned by you, my dear DPU

students, but it is my hope and dream that these are but stepping stones to bigger achievements that await you in your life.

- Dr. Venkatesh Nutangi, Medical College Student awarded 2nd prize for Best Paper at the 6th National Conference of Association of Obstetric Anesthesiologist held at Mangalore on 3rd to 6th October 2013.
- Dr. Jaimy John, Medical College Student awarded 3rd prize for Best Paper at the 6th National Conference of Association of Obstetric Anesthesiologist held at Mangalore on 3rd to 6th October 2013.

- Dr. Bhushan Shah, Medical College Student awarded 3rd Prize in Poster session at the APICON-2014 held at Ludhiana, Punjab on 20th to 23rd February 2014.
- Dr. Anika Ansari, Medical College Student awarded 1st Prize for e-paper on “Amniotic Band Syndrome” in the conference held by POGS and FOGSI held at Pune on 20th & 21st July 2013.
- Dr. Kajal Parikh, Medical College Student awarded 2nd Prize for e-paper on “Encephalocele” in the conference held by POGS and FOGSI held at Pune on 20th & 21st July 2013.
- Dr. Kajal Parikh, Medical College Student awarded 1st Prize for Paper Presentation on “Suturing & Non Suturing of Visceral & Parietal Peritoneum in Post OP Pain in Caesarean Section” in the Conference held by Karnataka State Obstetrics & Gynaecology at Hubli from 4th to 6th October 2013.
- Dr. Abhishek Mahajan, Medical College Student awarded 2nd prize for Best poster presentation at the National Conference theme “Public health challenges in the current millennium” held at AFMC, Pune from 5th to 7th September 2013.
- Dr. Rajat Sindwani awarded 3rd Prize for Best Paper Category at the ASICON 2013 held at Ahmedabad on 24th to 30th December 2013.
- Dr. Alexis Rego, Dr. Pritesh Jagtap & Dr. Tanaya Kumar awarded the 1st Prize for Best Paper Presentation at IDENT 2013 State Zonal Conference organized by Indian Dental Association, Pimpri Chinchwad Branch held on 27th & 28th July 2013.
- Dr. Arpita Agarwal & Dr. Pooja Gupta awarded the 1st Prize for Best Poster Presentation at IDENT 2013 State Zonal Conference organized by Indian Dental Association, Pimpri Chinchwad Branch held on 27th & 28th July 2013.
- Dr. Khushbu Ajmera awarded the 1st Prize for Best Paper Presentation at 28th IACDE & 21st IES National Conference held at Hyderabad International Convention Centre, Hyderabad, Andhra Pradesh from 14th to 17th November 2013.
- Dr. Archana Gupta awarded the Best Poster Presentation at IDENT 2013 State Zonal Conference organized by Indian Dental Association, Pimpri Chinchwad Branch held on 27th & 28th July 2013.
- Dr. Sreeja Das & Dr. Abhignini Gavvaraju awarded the Best Paper Presentation at IDENT 2013 State Zonal Conference organized by Indian Dental Association, Pimpri Chinchwad Branch held on 27th & 28th July 2013.
- Dr. Meenakshi Nankan, awarded the Best Poster Presentation at IDENT 2013 State Zonal Conference organized by Indian Dental Association, Pimpri Chinchwad Branch held on 27th & 28th July 2013.
- Dr. Amrita Bansal & Dr. Akansha Rathore awarded the Best Paper Presentation at IDENT 2013 State Zonal Conference organized by Indian Dental Association, Pimpri Chinchwad Branch held on 27th & 28th July 2013.

- Dr. Pallavi Vaidya awarded the 1st prize for Best Paper Presentation at IDENT 2013 State Zonal Conference organized by Indian Dental Association, Pimpri Chinchwad Branch held on 27th & 28th July 2013.
- Dr. Upasana Dang awarded the 2nd prize for Scientific Poster Presentation along with Bio-Horizon Surgical Implant Kit worth INR 90,000/- at Bio-Horizon Asia Pacific Symposium, Mumbai held on 6th to 8th September 2013.
- Dr. Upasana Dang awarded the Best Session Paper for “Eloquence Paper Presentation” at 41st Indian Prosthodontic Society National Conference, Ahmedabad, Gujarat on 13th to 17th November 2013.
- Dr. Kushboo Takkar awarded Best Scientific Paper Presentation held at 18th National Conference of Indian Association of Public Health Dentistry organized by Sardar Patel Post Graduate Institute of Dental and Medical Science, Lucknow held from 22nd to 24th November 2013.
- Ms. Vaddavalli Pavana Lakshmi awarded the 1st prize for Poster Presentation at International Conference on "Advances in Biotechnology and Bioinformatics" held from 25th to 27th November 2013.
- Mr. Abhiram Gokhale awarded the 1st prize for Poster Presentation at International Conference on "Advances in Biotechnology and Bioinformatics" held from 25th to 27th November 2013.
- Mr. Snehasish Mukherjee (2013 Pass out) selected as SRF at National Institute of Immunology, New Delhi.
- P. Desale awarded 2nd Prize for Scientific Presentation at 12th International UFZ-Deltares Conference on Groundwater-Soil-Systems and Water Resource Management at Barcelona, Spain on 16th to 19th April 2013.
- Dr. Deepshikha Trivedi awarded the 1st Prize for Paper Presentation at 2nd International Conference of Physical Therapy held at AIIMS, New Delhi on 14th & 15th December 2013.
- Dr. Yuganta Mhatre awarded the 2nd Prize for Paper Presentation at 2nd International Conference of Physical Therapy held at AIIMS, New Delhi on 14th & 15th December 2013.
- Dr. Ketaki Karandikar awarded the 2nd Prize for Paper Presentation at 2nd International Conference of Physical Therapy held at AIIMS, New Delhi on 14th & 15th December 2013.
- Dr. Swati Jadhav and Dr. Manisha Mistry awarded the 2nd Prize for Poster Presentation at 2nd International Conference of Physical Therapy held at AIIMS, New Delhi on 14th & 15th December 2013.
- Dr. Trishna Korde awarded 1st Prize for Poster presentation at International Conference on Developmental Paediatrics & Childhood disability in 21st century held at KMC Mangalore on 18th to 20th December 2013.

VALUE ADDITION BY RENOWNED VISITORS

Faculty members from International Institutions regularly visit our campus. Such interaction with like-minded intellectuals from across the globe epitomizes the spirit of scientific enquiry in our faculty and students and

facilitates subsequent uplifting of their capabilities. I would like to throw light on the value addition brought in by some visitors to Dr. D.Y. Patil Vidyapeeth, Pune.

- Dr. W Peter Nordland, President, International Society of Periodontal Plastic Surgeons visited DPU on the occasion of a CDE Program entitled “Sub-epithelial connective tissue graft – A Clinicians Perspective” on 28th October 2013.
- Dr. S K Ojha, Hon. Secretary, Dental Council of India visited DPU on the occasion of a CDE Program entitled “Sub-epithelial connective tissue graft – A Clinicians Perspective” on 28th October 2013.
- Dr. Shankargouda Patil, Hon. Secretary, International Association of General Dentistry (IAGD) had a formal visit to Dr. D. Y. Patil Dental College & Hospital, Pimpri, Pune for Cognize IAGD Meet, Pune 2013.
- Prof. Dr. Josephine Hegarty, Dr. Eileen Savage, President & Chairman and Prof. Carol Condon from School of Nursing & Midwifery, University College Cork, Ireland visited Nursing College on November 2013.
- Prof. Allan Murray delivered a Guest Lecture on “Biosafety of Medical Equipments” on 21st February 2014.
- Dr. T. Venkatesh, Principal Advisor, Quality Council of India & National Referral Centre for Lead Poisoning in India and Professor Emeritus, Dept. of Biochemistry & Biophysics, St. John's Medical College, Bangalore delivered a Guest Lecture on 24th September 2013.
- Dr. Swati Naik, Deputy General Manager, Medical Services, EMCURE pharmaceuticals Ltd. Pune delivered a Guest Lecture on “Drug Chirality” on 9th October 2013.
- Dr. R. Gangakhedkar, NARI delivered a Guest Lecture on 'HIV/AIDS' 'Current status and control of HIV/AIDS' on 18th October 2013.
- Dr. Vinay Kulkarni, Director, Prayas Health Group delivered a Guest Lecture on 'HIV/AIDS' 'Prevention of parent to child transmission of HIV' on 18th October 2013.
- Dr. Senthil Tyagrajan, Lab Director & Chief Scientist, NCORD Biotech India, Pune delivered a Guest Lecture on “Molecular Biomedicine” on 19th November 2013.
- Mr. Osama Sait, from Biorad Lab. Pvt. Ltd, India delivered a Guest Lecture on the “Application of 2D electrophoresis” on 30th August 2013.
- Dr. Sudhir Kumar, from the School of biotechnology, I2IT Pune delivered a Guest Lecture on “Aquaculture: Gastropode, bivalve, and crustacean production” on 23rd August 2013.
- Dr. Ranjan Banerjee, IISER, Pune delivered a Guest Lecture on “Small RNA and Micro RNA” on 17th April 2013.
- Dr. Max Zamanian, HOD, Economics from Skövde, Sweden visited GBSRC to discuss the intellectual exchange between the two institutes on 13th January, 2014.
- Mr. Rajesh Chavan delivered Guest Lecture on Personality development on 22nd & 24th February 2014.
- Guest Lecture on “Placement Aboard” was delivered by Ms. Abhilasha on 27th June 2013.

EXTRACURRICULAR ACTIVITIES/AWARDS BY STUDENTS

- Mr. Dheeraj Pande, Ms Arfa Kamal and Ms Prachi Kangaokar won the first prize in a National Quiz Competition organized by Lotus Business School, Punawale, Pune, on 8th February, 2014.
- Ms. Vaddavalli Pavana Lakshmi Ravindra selected for BioCamp, 2013 (novartis Biotechnology Leadership Camp).
- MBA Students won the management events "DHRUV 14' organized by PUMBA(Pune University).
- Ms Prajakta Jagtap, Nursing Student received First Prize in Solo Singing at TNAI Pune City Branch Competition.
- The team from Medical College won the First Prize in Group Dance at the National Competition at AFMC in February, 2014. The Medical College also bagged third prize in Singing and Debate Competitions.
- Students of Physiotherapy College bagged prizes in the Inter-college physiotherapy sports competition organized by Modern college of Physiotherapy, Pune.

SOCIAL OUTREACH

The university has also developed a very effective interface with the society, through sustainable healthcare for underserved population, with special attention given to women and children in different villages

through trainings, workshops, resource mobilization and technical support to improve the maternal and child health status in the community at large.

- Medical College of DPU has been selected to be a part of The Rajiv Gandhi Jeevandai Arogya Yojana by Government of Maharashtra, wherein cashless medical facilities are provided to large population of this semi urban region.
- All indoor patients in our hospital are provided free treatment along with highly hygienic diet. All types of sophisticated investigations such as MRI, CT Scan, Mammography, Colour Doppler, Ultrasonography, 2D Echo, are carried out free of cost for indoor patients.
- Dental College has organized more than 250 outreach programmes in collaboration of various NGO's around Pune District. The department also functions as the tobacco cessation centre, wherein assistance is given to patients who want to quit tobacco habit.
- The Department of Paediatrics has started "Yashoda Human Milk Bank". It is the first Human Milk Bank in Pimpri-Chinchwad area and second in Pune District. More than 100 low birth weight and pre-term babies receive Human Milk from this bank monthly, which helps for the survival of these babies.
- Nursing students participated for Pulse Polio Programme from 19th January 2014 to 24th January 2014 in PCMC & Alandi area, wherein 8,086 Polio Doses were administrated during their visit to 29,741 Houses in the area.
- Obesity screening camp was conducted by Physiotherapy college in ThyssenKrupp company, Pimpri, Pune on 11th July 2013, Wherein employees were screened and obesity management was advised.
- On occasion of breastfeeding week, College of Physiotherapy organized an awareness lecture on "Antenatal and postnatal Back pain" at Alandi on 5th August, 2013.
- On occasion of World Heart Day, Screening camp of risk factor of heart disease was organized on 27th September, 2013.
- On occasion of World Cancer Day, College of Physiotherapy organized "Awareness lecture of breast and cervical cancer" at Alandi on 4th February, 2014.

INFRASTRUCTURE

The biggest challenge, as we prepare to take our plans for academic expansion forward, is the need to augment our existing infrastructure, which requires resources for which we have got active support from our President Dr. P. D. Patil. Sir, we constantly turn to you for support and it comforts us to know that you will always stand by us. Not only has the physical infrastructure been extensively modernized, the facilities and equipment have improved at a faster pace.

Various equipments like High-end 128 slice CT scan, 1.5 Tesla MRI are available in the hospital, keeping in view the tertiary health care facilities, which is commensurate with matched Clinical laboratory support with latest equipments catering more than 10,000 investigations per day. Eye bank with eye ball retrieval service round the clock along with renal and corneal transplant facilities is also available. The college and the hospital functions so well, that we can actually work at that interface between the bench and the

bedside which ensures us to undertake research that will bring the real benefits to the healthcare system. The seven story Hi-Tech hospital with a capacity for 1500 patient beds is having state of art JCI standard Department of Emergency Medicine, with its own Operation Theater, Labour room and diagnostic equipment for management of emergency patients round the clock.

Shortly 18 operation theaters of international standards for Cardiac, Neuro, Organ Transplant, Joint replacement, Robotic and other advanced surgeries will become functional. DPU is setting up a state of art Implant Centre at the Dental College for excellence in Implant care for teaching, research & collaborative exchange across the globe. I am happy to announce that we will soon be starting a full-fledged Research Centre, which will provide excellent opportunity for fundamental research in life sciences.

I would like to end by saying that DPU today is a university whose campus, facilities, infrastructure and academic breadth compare favourably with any health-care university in India. But the aspect of DPU that gives me the greatest satisfaction is you: our students. I congratulate you once again on everything you have achieved and, on behalf of this great institution, wish you every happiness and success in the great adventure of life. This is the fruit of your efforts in the pursuit of knowledge. Make the best use of your time and opportunities that come your way. Dear graduands as you step out of the precincts of this glorious university, know in your heart and mind that there is no mountain high enough for you to climb. Set your goals high and the glory will be yours. Always shoot for the moon; if even you miss, you will land among the stars. As you progress in practical life, never forget the deep debt you owe to your Alma Mater and I urge you to remain worthy ambassadors and great Alumni of this institution by upholding the virtues of honour and excellence in service to humanity.

TH CONVOCATION

DPU
Dr. D.Y. PATIL VIDYAPEETH, PUNE
(DEEMED UNIVERSITY)

PRESIDENT'S ADDRESS

- BY Dr. P.D. PATIL

President of today's function, Honourable Shri Shrinivas Dadasahib Patil, Governor of Sikkim, Our honorable guest of today's ceremony, Dr Sanjay Patil, President, Dr. D. Y. Patil Education Society, Kolhapur; the Chancellor of DPU, the Vice Chancellor, faculty of Dr. D. Y. Patil Vidyapeeth and Dr. D. Y. Patil Vidya Pratishthan Society, prominent dignitaries, esteemed guests & parents, representatives of media, my dear young graduates and students, ladies and gentlemen.

On behalf of Board of Management and of Academic Council of Dr. D. Y. Patil University, I extend a very warm and cordial welcome to you all on the occasion of 5th Convocation of the University.

The culmination of education, the commencement ceremony, or graduation, is a major event and transition point for students, parents and teachers. It is a time for all to celebrate their hard work and accomplishments. Students take pride in having met the graduation requirements; parents celebrate the accomplishments of their children and teachers and administrators commemorate the fruits of their efforts. Graduation serves as a transition point for the individual members of the graduating class who will follow diverse paths into futures, be it higher education or professional arena.

On this occasion, I take pride and immense pleasure in congratulating my Graduands for their achievement and wish them all the success in their future endeavors.

August audience

Founder of this educational complex Honourable Dr. D. Y. Patil sahib is a visionary leader who worked tirelessly to take education to the larger spectrum of the society by building this seat of Knowledge in Pune, which has come to stand tall among other Institutes in the region.

Though Honourable wished to be present and grace this function today, he could not make it due to his extremely occupied schedule.

The ultimate measure of a great man is not where he stands in moments of comfort, but

where he stands at times of challenge and controversy.

Dr. D. Y. Patil sahib has always taken initiatives at the face of adversities and converted them into opportunities for the betterment of the society. He is a true custodian of selfless service with no boundaries. As Governor of Tripura and presently as Governor of Bihar, he has taken major initiatives to bring about qualitative changes in the field of education and upliftment of masses.

We are honoured to have a great son of the soil Shri Shrinivas Dadasaheb Patil amongst us. Though his name is on the global map, I still take this opportunity to speak of his legendary achievements for my young achievers.

Honourable Shri Shrinivas Patilji, Governor of Sikkim, is a proven administrator of the Indian administrative Services.

Since 1999, for two consecutive terms, he was elected as a member of parliament. Through his positive approaches in various parliamentary committees, he has handled the subjects of human resource, information technology, women and child development, public grievances and many others.

As the most successful bureaucrat on one hand and leader of the masses on the other hand, Honourable, Shrinivas Patilji showcases a unique leadership persona. As a PCMC commissioner, he has efficiently developed the model of modern township, what, we see here, in the form of “Pradhikaran”.

He has always been keen on imparting, quality education to students. Sir, I appreciate your support and guidance during the development of DPU. Sir, I take this opportunity to thank you from the bottom of my heart. What I appreciate the most about his personality is his strong positive approach! And so I always mention him as a real 'Zindadil' person.

Our guest of today's function is Dr. Sanjay D. Patil, President of D. Y. Patil Education Society, Kolhapur. From very early age he has taken the responsibilities on his young shoulders for the development of the education complex. He worked dedicatedly and tirelessly for the expansion and growth of the Padmashree Dr. D. Y. Patil education Institutions. His efforts to spread the education to the masses has enhanced the aspirations of the students in rural area. Truly he is an agriculturist and educationist who understands nurturing of the saplings and budding future of our country.

Ladies and Gentlemen, as the President of this seat of knowledge, I take pride in informing you that DPU has distinguished itself as a rapidly expanding institution in the field of higher education since its inception. This institution offers whole range of quality education from pre primary school to the highest doctorate degree in the streams of Medical, Para Medical and Dental, Engineering, Pharmacy, Biotechnology, Business Management and many others. Along with educational courses, we equally emphasis and promote research activities. It is certainly encouraging to see DPU as an “emerging educational hub.” DPU is recognized for everything universities stand for: academic excellence, cultural diversity global credibility and stature.

I wish to congratulate the hard work, devotion and dedication of all the DPU faculty and staff, past and present and the dynamic leadership of the DPU management team for the achievement.

India since long time is recognized principally as an Agricultural country on the global map, but now the country is gaining new dimensions due to advancements in the field of education. India is becoming the most preferred destination for students globally.

When I stand here for this 5th convocation ceremony, my mind travels little back in the year 1984 when the first foundation stone was laid by Honourable, Dr.D.Y. Patil Sir, and with his blessings the whole journey of DPU started. I would like to mention that it is the support and consistent guidance of our anchor, mentor and architect Padmashree Dr. D. Y. Patil that has made us grow on the path of success.

My young graduates, the journey of accomplishing big dreams is really not a soft carpet walk. You have to pass every step through numerous hurdles of uncertainties and unforeseen situations. Learning from books makes us capable to gain experiences, and learning from experiences makes us capable to face challenges of life. Always treat every challenge as an opportunity to explore. Convert every opportunity to dream and work hard to make that dream to take to reality.

Young friends, there are two types of mind sets, the first mind set is to be confident about your potential and second is to be confident about development of your potential.

I strongly believe in second type. Develop your potential, you can develop your capacities, by accepting challenges, by gaining experiences, by improving power of intuition and by developing Inner Mind.

Your dreams have their origin in mind, keep a watch on the dreams originating from your conscious mind; these dreams will show you the path of your destiny.

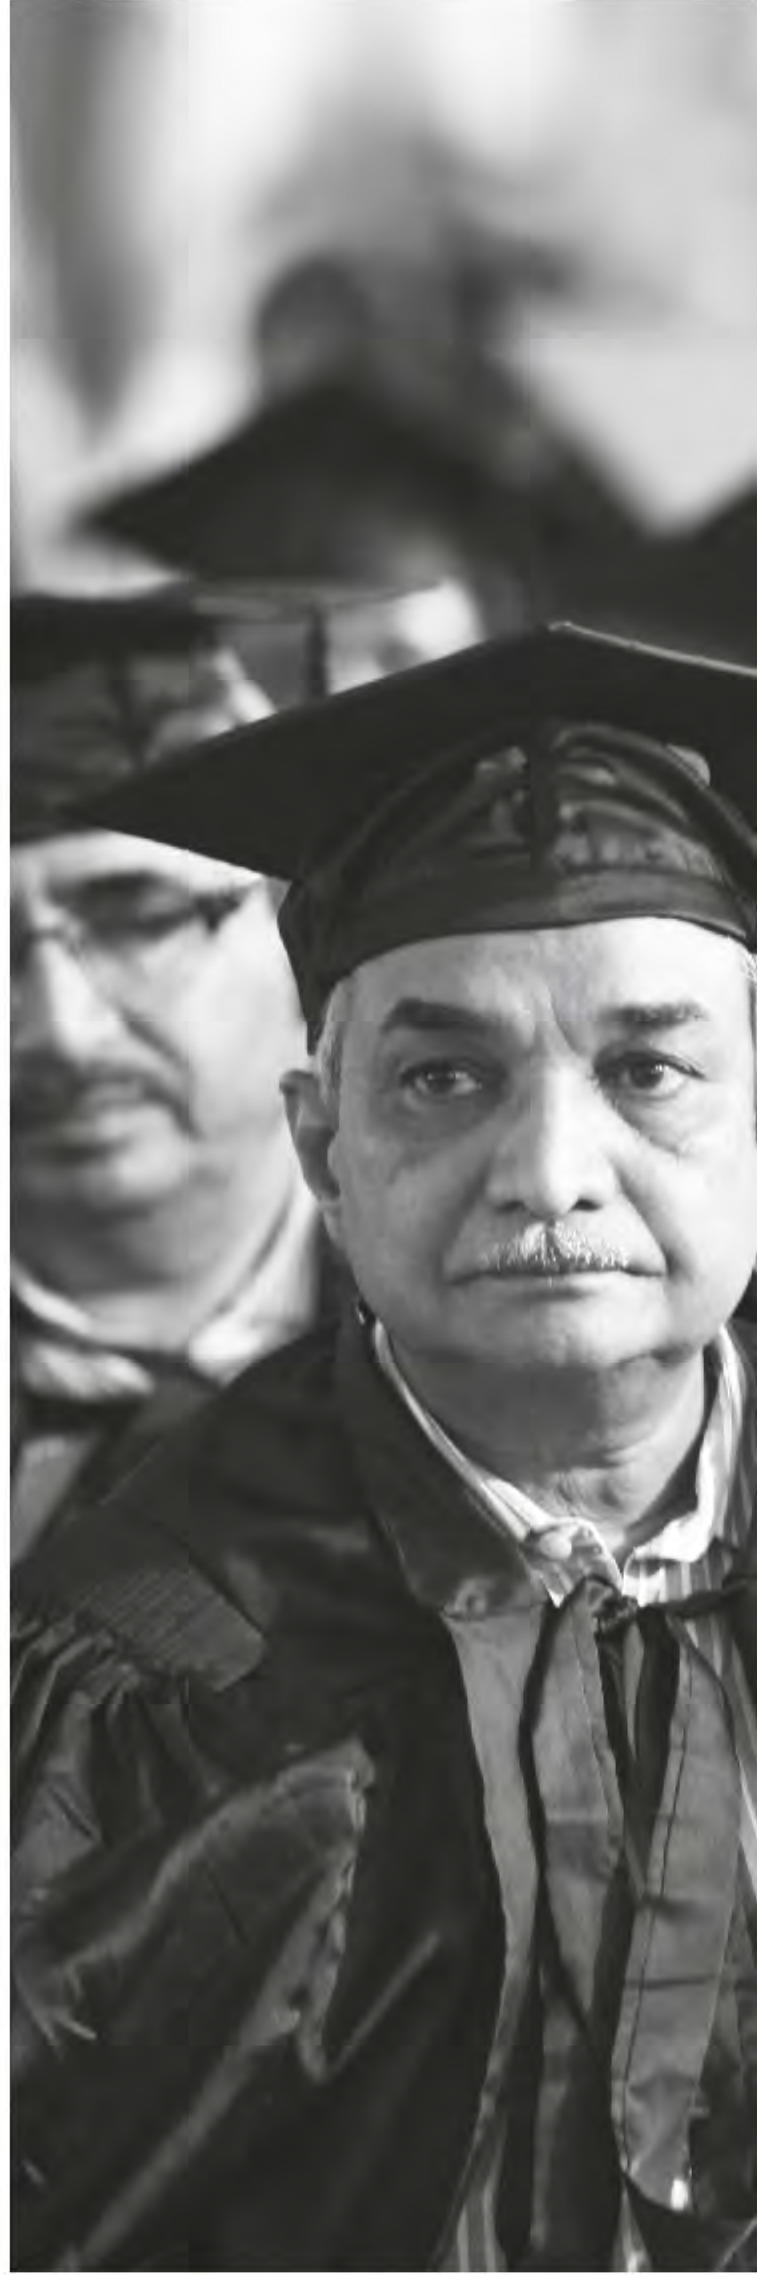

I have experienced this process and so I wish my graduates to plan their journey of life in a very positive way.

The degree you hold in your hands today is your learner's permit for the rest of the drive through life. Henceforth, your learning source will not be mere books or classrooms; your patients will be your live books. You will have to read their miseries, understand the concern and provide medical solutions with all the knowledge you have accumulated in these years and as a result you will bring smile and hope to them.

To conclude dear students, life is a challenge; face it devotedly, dedicatedly and confidently. Let's not stop till the goal is reached. Live with full energy, set your priorities, focus ideas into action and it will give beautiful shape to your life and career.

Once again I express my sincere thanks to Honourable Shri Shriniwas Patilji, Governor of Sikkim, Shri Sanjay Patil, all the Students, Parents, Media and the entire DPU family for gracing this occasion.

Thank you.

FIFTH CONVOCATION

On Saturday 26th April 2014 at 1630 Hrs.

Hon'ble Dr. D. Y. Patil
Governor of Bihar

Hon'ble Shri. Shrinivas Patil
Governor of Sikkim

Prof. K. B. Powar
Chancellor

P. D. Patil

Dr. P. N. Razdan
Vice-Chancellor

Dr. D. Y. Patil Vidyapeeth, Pune

DPU
Dr. D.Y. PATIL VIDYAPEETH, PUNE
(DEEMED UNIVERSITY)

ADDRESS

BY HON'BLE Dr. D.Y. PATIL,
GOVERNOR OF BIHAR
PRESENTED BY Dr. SANJAY PATIL

Hon'ble Shri. Shriniwas Patil, Governor of Sikkim, Dr. P. D. Patil, President of the University, Prof. K. B. Powar, the Chancellor, Dr. P. N. Razdan, the Vice Chancellor, Members of the Board of Management, Members of the Academic Council, Members of Faculty, the young graduates, who are getting into a new phase of life after attaining their degrees and diplomas from this University, their parents and my dear Students.

I am delighted to participate in the Fifth Convocation Ceremony of this University. This is because of two reasons. First, it is always a joy to be among young people who are going to shape our future in this century. Second, it is heartening to see the massive work being done by the University in the field of professional education.

This University is situated in the city of Pune which has the reputation of being the “Oxford of East”. This reputation was built on the scholarly devotion, patriotism and social commitment of Mahatma Phule, Lokmanya Tilak and Maharshi Karve. I call upon all the graduands to carry with them the legacies of these great leaders and lead a life of dignity and discipline.

Today, the education system is well defined and this University is doing excellent job while creating institutes of excellence. This University is not only imparting education to students, but they are creating future human resources for the country. With the state-of-the-art facilities, this university is now become one of the prestigious institution not only in the region, but in whole of the country, however, I should place on record the dynamic leadership, dedication and zeal with which Dr. P. D. Patil has been serving tirelessly for rising global status to DPU.

When we look at the marginalized sections of our society, we witness a major scarcity of medical care, bioscience technologists and management expertise. Whether it is child mortality, immunization, maternal mortality or basic health awareness, the challenges faced by the poor are huge. Similarly, there are opportunities and challenges for management and biotechnological

professionals in development of pro-poor services for the upliftment of society. I am sure with your training and commitment, all of you will rise up to this challenge.

Dear friends, let us remember “Service to humanity, is service to God”. I believe in only one caste, and that is the caste of humanity. You yourself are the architect of your destiny. We should always have good thoughts which get reflected in our good actions, which ultimately shape our character.

I wish all of you a very very bright future.
Thank you.

CONVOCATION

ADDRESS

- BY HON'BLE SHRI SHRINIWAS PATIL,
GOVERNOR OF SIKKIM

Hon'ble Padmashri Dr. D. Y. Patil, Governor of Bihar; Dr. P. D. Patil, President of the University; Dr. Sanjay Patil, President, D. Y. Patil Education Society, Kolhapur; Prof. K. B. Powar, the Chancellor; Dr. P. N. Razdan, the Vice Chancellor; Members of the Board of Management, Members of the Academic Council, Members of Faculty, the Parents of graduating Students and my dear Students.

I am delighted to have this opportunity to address this august audience comprised of promising students, scholars and academic leaders. I can see the gleaming faces of the future gathered here today. Young and bright with the promise of tomorrow. This is an exciting moment and lifetime opportunity for those who are here to receive their degrees, especially for them who are being felicitated with medals and certificates of merit. The atmosphere I felt in the convocation pandal today is vibrant. This is not surprising because graduation is a major academic milestone in an individual's life. It opens the gateway to higher studies and career of one's choice. At this point, let me state that the excitement of education is not limited to just one day or a specific course period but is a life-long process and graduation is the formal recognition that validates that a student is ready to move a step forward towards acquiring yet more knowledge in the area of his choice.

I am happy to learn that the University today has 8 colleges and institutions under its ambit. The University was started with the vision "To see enlightened, cultured and economically vibrant India, developed through education in diverse disciplines". As we felicitate students from various areas of healthcare, biotechnology and management today, we must also appreciate the steady fulfilment of this vision. In this regard, I must compliment Padmashri Dr. D. Y. Patil for his visionary zeal, Dr. P. D. Patil for his inspirational role and the faculty members for their relentless efforts.

The University is blessed with a galaxy of qualified, experienced and highly dedicated faculty both in the areas of academics and research advancements. This institution has

now become one of the premier institutes in the region because of the blessings of the people of the city of Pune and beyond. However, I should again place on record the dynamic leadership, dedication and zeal with which Dr. P. D. Patil has served all the educational institutions here and I have no hesitations in wishing him the best.

Graduation is not the end, but the beginning of a long professional journey. In this journey, you must strive to provide your professional expertise with humility and compassion for betterment of the society. Dear students, I sincerely urge you to work for the betterment of the poor and the underprivileged. As the management guru, Dr. C. K. Pralhad reminded us, "there is huge fortune at the bottom of the pyramid". If we are innovative and determined, we can work out excellent solutions for welfare of the poor through our medical and managerial expertise.

Healthcare, Biotechnology and Management are among the top-most priorities of the Government. We need to give highest priority to healthcare infrastructure and services. Ours is said to be a young country in the world in the sense that majority of its population is youth with creative energy, enthusiasm and dream for promising future. This, I believe, is the greatest asset that our country could possibly have and we must harness this demographic dividend.

However, to convert this youth power into a competitive and productive human resource is the biggest challenge before our system of education. Proper healthcare facility and nutrition that can ensure the sustenance of this youth energy, its health and creativity

for the longest possible time is yet another challenge.

I am happy to learn that the Dr. D.Y. Patil Vidyapeeth, Pune has been channelizing all its effort and resources towards this front. Vice Chancellor's address provided the glimpses of the commitment and sincerity the University has to address this issue.

Biotechnology is a new domain of scientific and technological development. The prudent use of bio-technology can do wonders for our agriculture and pharmaceutical sectors. Management is the act of getting people together to accomplish desired goals using available resources efficiently and effectively. We need to create business executives and entrepreneurs who proactively respond to changes and use them as an opportunity to achieve the goals.

In my view, management provides to society what would otherwise remain only potentialities. The challenge of present economic order lies largely in efficient management. It is upon the vision and skill with which managerial functions are carried out that helps contribute to the power, prestige and economic well being of a country. The former President of USA, Roosevelt had appropriately once remarked that a Government without good management is like a house built on sand. Therefore, I would urge you to inculcate that specific skill of management which would help our country to overcome the bottleneck of limited resource in nation building yet remaining competitive with the best in the world.

As you leave this campus today and as some of you begin preparations for your further

studies in your chosen fields, others prepare themselves to practice, all of you should be conscious of the fact that as doctors, scientists and managers, wherever you go, faith and trust shall be reposed in you by your patients as well as their relatives. They will look upon you with hope and expectations. Therefore, you must always work to maintain this trust in your practice and apply your knowledge in a very responsible way. Medicine is an intensely humane and personal endeavor and the doctor patient relationship itself becomes part of the therapeutic process. While treating patients, always be conscious that you are not treating the body alone, but the concerns and doubts in their minds about their health as well. Try to reduce their anxiety and give them confidence and hope. Patients should feel that the doctor cares for them because a doctor is like a God to patients. I hope that the doctors who are passing out today will bring laurels to the country with their accomplishments and also serve humanity.

Finally, I wish to tell you all - the very need of this hour is that the strengthening of our total educational structure for the nurturing of talented students is of paramount importance to the growth of the nation. All you young men and women, who are graduating today, please note that you are not just stepping out into a new arena, you have inherited a brand new world. You were born in an India that had shortage of foreign exchange and enjoyed very little respect in the eyes of the global community. Yet, this nation provided you an opportunity to educate yourself in a better environment. You grew up in changing times. You grew up in an empowered atmosphere. India earned the respect of the developed world of the

west, which is currently facing a major economic crisis. You are entering a new life and there will be many exciting opportunities ahead. You are lucky that you have been born in the right country, at the right time and in the right age. But you can make a difference ONLY if you don't take low-end jobs but contribute to the immense development of research in Affordable Health and Sustainable Energy. This needs integration of all disciplines of medicine with social sciences. So you need an interdisciplinary, holistic approach to handle the challenges that the future will pose.

Remember that medicine and science are able to do many, many things. Be mindful also that there is a huge role you have to play to make this planet safe for billions of people. I wish I were your age, today, in India. I wish I could be a part of those phenomenal discoveries that I know will take place in the next two decades. I wish you choose a profession that will be driven by inquisitiveness and curiosity leading to development of technology, leading to the fulfillment of all dreams. Never forget that three billion marginalized people of the world need you as much as you need India.

May you be bestowed with all the inclinations and energy to build a strong, prosperous, inclusive and peaceful India. I wish you, my dear young friends, a very best in your endeavor and in your life.

I warmly thank each one of you for your attention.

Jai Hind!

HONOURING THE HONOURABLES

The memento presented to honourable **Shri. Shriniwas Patil**, Governor of Sikkim on the occasion.

The memento presented to honourable **Dr. D.Y. Patil**, the Governor of Bihar on the occasion, handed over to **Dr. Sanjay Patil**.

AWARDING OF Ph.D. DEGREES

The Doctor of Philosophy (Ph.D.) in Radiology is awarded to **Dr. Amit Kharat** who worked under the guidance of Dr. (Brig.) Amarjit Singh in the Faculty of Medicine

The Doctor of Philosophy (Ph.D.) in Finance Management is awarded to **Mrs. Komal Deshpande** who worked under the guidance of Dr. A. P. Ghosh in the Faculty of Management.

The Doctor of Philosophy (Ph.D.) in Human Resource Management is awarded to **Mrs. Deepti Lele** who worked under the guidance of Dr. (Capt.) C.M. Chitale in the Faculty of Management.
