I deem it a great privilege and honour to welcome each one of you, on behalf of the Vidyapeeth and on my own behalf, to this auspicious and solemn occasion of the 15th Convocation of the Dr. D. Y. Patil Vidyapeeth, Pune.

It is a matter of immense pleasure, that the Hon'ble Former President of India, Shri Ram Nath Kovindji has graciously accepted our invitation to be the Chief Guest on this occasion, in spite of his other significant commitments and priorities. He is a visionary leader with modern outlook, an innovative approach, and an able administrator who firmly believes that India has the potential to be a Vishwa Guru – a world leader and will be Viksit Bharat @2047. With his vision, dedication and under his dynamic leadership our country has achieved newer heights of success. Sir, I am sure that your Convocation Address will inspire one and all, especially our bright young graduates. We look forward to your guidance and blessings on this auspicious occasion.

At the outset, I wholeheartedly congratulate all the Graduands, who have successfully completed their education at this temple of learning and have become eligible to receive the Degrees of the Vidyapeeth on this memorable day.

Gold Medalists

Ours is a rapidly upcoming and very vibrant university with a distinct academic and research culture that promotes merit, values, and encourages academic freedom. As a nation of 1.4 billion, today more than 2/3rd of the population is in the age group of 15-64 years has made the nation young India, thus creating a very important human resource asset. The challenge, therefore, is to empower this young India to enable them to contribute not only towards the development of the national economy but also, the entire world. Therefore, in the light of NEP-2020, our courses and programmes have been redesigned to meet the growing needs of interdisciplinary wholistic education, to facilitate academic mobility between programmes and courses with multiple entry and multiple exit options, to update and modernize curricula, and to encourage the introduction of reforms in the evaluation procedure with inclusion of Indian Knowledge System. We envisage creating an academic environment of international standards in healthcare education, while adopting competency-based curriculum as also integrative approach under the guidance and support of our Hon'ble Chancellor Dr. P. D. Patil. He has been very generous with his time and counsel, and we are indeed very grateful to him for his dynamic leadership to our Vidyapeeth.

Research

A University can grow exponentially only when teaching and research are combined symbiotically as they cannot have an independent existence. We have created a conducive research environment to undertake collaborative research projects combining teaching-learning and research, to nurture originality, creativity, and novelty. I feel proud to state here that in the year 2023, DPU has published more than 1300 papers in International and National journals of repute, which are indexed in Scopus, Pub Med, Web of Science and UGC-CARE approved journals. There has been a significant rise in h- index from 63 to 71, indicating translational value and higher citations received by individual publications. A total number of 17,129 citations have been received alone in the year 2023. The highest impact factor among the publications during the year under report was 168.9 (The Lancet), 107.7 (British Medical Journal), 56.3 (Lancet Infectious Diseases), 34.3 (Lancet Global Health). Publishing papers is only one part of research, however, filing patents, start-ups and writing books, chapters, editing books, form yet another aspect. I am also proud to state that this year 35 patents have been published by DPU and 7 patents have been granted. In addition, 117 Copyrights are registered, and two start-ups have been incubated.

Research is impossible without funding. DPU has always been supporting research activities and has provided seed money of more than 1 Crore during the year. In addition, this year our university has received a total extramural grant of more than 6.3 Crore from DBT, DST, ICMR, AYUSH, CCRAS, BIRAC, Pharma Industries, and foreign agencies like National Institute of Health, USA and National Institute of Allergy and Infectious Diseases, USA.

// **Annexure -2**

International Collaborations

At DPU, our commitment to "Breaking Boundaries - Finding Frontiers" and fostering partnerships with like-minded organizations has led to the establishment of several Memorandums of Understanding (MoUs) and collaborative agreements with institutions of repute worldwide. These international linkages have proven invaluable in tapping into the wealth of knowledge accumulated by our valued partners. Through these strategic alliances, we prioritize international research collaborations, recognizing their pivotal role in advancing knowledge and tackling complex global challenges. By uniting researchers from diverse countries and institutions, these collaborations leverage varied expertise and resources to explore innovative solutions. The exchange of ideas, methodologies, and data within these partnerships fosters groundbreaking discoveries and mutual learning, while also strengthening scientific networks and encouraging a shared commitment to pushing the boundaries of human understanding.

// Annexure -3

Faculties/Students Participating in International Conferences

The faculty and students actively participate in international conferences, fostering a vibrant exchange of knowledge and ideas on a global platform. These conferences provide invaluable opportunities to present cutting-edge research, collaborate with experts from diverse backgrounds, and explore emerging trends in their respective fields. Through active participation, they contribute to the enrichment of academic discourse, forging international partnerships, and promoting cross-cultural understanding. About 111 faculty members and students participated and presented papers and posters at various International Conferences last year.

// Annexure -4

Conferences, Seminars and Workshops organized at DPU

DPU consistently organizes a wide array of conferences, seminars, and workshops, catering to diverse academic interests. These events serve as platforms for scholarly discussions, knowledge-sharing, and networking opportunities. Renowned experts, faculty, and students actively engage in these gatherings, enriching the intellectual experience and fostering a culture of continuous learning and development. Since the last convocation, DPU has organized about 142 Conferences / Seminars / Symposia / Workshops / CMEs / Webinars and Faculty Development programmes.

// Annexure -5

Outstanding Contributions by Faculty

We take immense pride in our exceptional faculty, who are a true asset to our institution. They continuously update their knowledge and skills, ensuring our students receive the best education and become a limitless source of talent. With the combined efforts of students, faculty, staff, and alumni, we strive to transform this educational institution into a 'World Class University'. Our esteemed faculty members have been invited to deliver keynote lectures and chair technical sessions at numerous conferences and workshops, earning national and international accolades. Over 215 faculty members have received prestigious awards and recognitions, and they have also been invited as Resource Persons, Panelists, and Judges for various international and national conferences.

// Annexure -6

Students' Achievements

Introducing activity-based and interactive teaching-learning sessions has revolutionized the concept of active learning, leading to faster and more insightful comprehension among students. This approach also encourages innovative thinking and can help teachers better assess their students' overall understanding of the subject. I cannot exhaustively list out all the laurels earned by you, my dear DPU students, but it is my hope and dream that these are small steps, to bigger achievements that await you in your life. We have implemented innovative concept of making learning more effective and participative by introducing concepts like experimental, integrated / interdisciplinary, participatory, problem-solving, self-directed, patient-centric, evidence-based, project-based and role play methods, to enable them to acquire an overall understanding of the subject. Moreover, DPU students actively engage in national and international conferences, presenting papers and posters, and have excelled in inter-collegiate sports competitions, with 109 students securing prizes since the last convocation.

// Annexure -7

Renowned Visitors

The visits of renowned personalities have brought tremendous value addition to our institution. Through their expertise and wisdom, they inspire and enlighten our students, faculty, and staff. Workshops, lectures, and interactive sessions conducted by these distinguished guests enhance learning experiences, foster innovative thinking, and create impactful networking opportunities, enriching the overall academic environment and contributing to the continuous growth and success of our institution.

// Annexure -8

Extracurricular Activities by DPU Students

Extracurricular activities form an integral part of the vibrant campus life at DPU, where students engage in a myriad of pursuits beyond the classroom. Sports enthusiasts find their niche in various athletic clubs, competing in intercollegiate tournaments and fostering teamwork and sportsmanship. Additionally, community service initiatives and volunteering programs underscore the university's commitment to social responsibility, instilling values of empathy and civic engagement among its students. Through these extracurricular endeavors, DPU students not only hone their skills but also cultivate a sense of camaraderie and purpose, enriching their collegiate experience and preparing them for success in the broader spectrum of life.

Nursing students participated in the National Pulse Polio Immunization Programme, under which students gave Polio Doses and visited homes in PCMC. All relevant National and International days are commemorated which give the students a sense of pride and belonging to a very noble profession.

Students of all Constituent Units (i.e. Medical, Dental, Ayurved, Homoeopathic, Nursing, Physiotherapy, Optometry, Biotechnology, GBSRC, Design, Liberal Arts, Science & Technology and Allied Health Sciences) of Dr. D. Y. Patil Vidyapeeth, Pune celebrated the important National Days and conducted various activities like health check-up camps, awareness programmes, exhibitions, street plays, essay competitions, rallies, blood donation drives and organ donation awareness drives in rural areas. Also, all constituent units participate in the Government Flagship Programs like Viksit Bharat @ 2047, Swachh Bharat Mission, Swachhata Hi Seva campaign, Unnat Bharat Abhiyan, etc.

Infrastructure

DPU has always endeavored to deliver quality education in a globally benchmarked learning environment through modern amphitheater-styled air-conditioned classrooms, hi-tech labs and libraries. Not only has the physical infrastructure been extensively modernized, but the facilities and equipment have also been improved at a faster pace. All constituent units have spacious college buildings, state-of-the-art infrastructure, well-equipped laboratories, well-planned lecture halls with audio-visual facilities, auditoriums and well-designed administrative offices which are over and above the norms set by concerned statutory councils.

Before I close, I would like my faculty and staff to join me in congratulating all our students, who will be graduating today from DPU. I am confident that you were able to imbibe the best of what DPU had to offer, and that you will use your knowledge and experience fruitfully to serve the people of this country and those elsewhere. Set your goals higher and the glory will belong to you. Success has only one amazing formula, stop thinking in terms of limitations and start thinking in terms of possibilities.

I wish you all the very best in your lives, both professional and personal and as you move forward in your life, do not forget the contributions that your family, your teachers, and your communities have made to your lives. Do remain connected with your Alma Mater and visit us whenever you yearn to revive some of your fine moments. I urge you to remain worthy ambassadors and great Alumni of this distinguished Vidyapeeth by upholding the virtues of honour and excellence in service to the society around you and beyond. Jai Hind.

CITATION

Presented to

Shri. Sreedhara Panicker Somanath

at 15th Convocation held on April 13, 2024

It is our proud privilege to honor Shri. Somanath S., Secretary of the Department of Space, Chairman of the Space Commission, and Chairman of ISRO. Born in July 1963 in Alappuzha (Alleppey), Kerala, Shri. Somanath S. earned his Master's Degree in Aerospace Engineering from IISc Bangalore following his undergraduate studies in Engineering at Kerala University.

Throughout his illustrious career spanning nearly 38 years, Shri. Somanath S. has demonstrated expertise in system engineering of launch vehicles and has made substantial contributions to the field of space technology. As Secretary, he spearheaded the implementation of the National Space Policy, facilitated the activation of IN-SPACe, and fostered engagement between ISRO and emerging space entities in NGPE and start-ups. The Chandrayaan-3 mission achieved resounding success under his guidance, ensuring a successful lunar landing at the south pole. Under his dynamic leadership, India introduced two new launch vehicles, namely the Small Satellite Launch Vehicle (SSLV) and Test Vehicle (TV), with successful mission completions. Additionally, the successful landing experiment of the Re-usable Launch Vehicle added another remarkable achievement to India's repertoire, showcasing its capability in autonomously landing a re-entered winged body - an accomplishment achieved by only a select few countries worldwide.

During his tenure as Director of the Vikram Sarabhai Space Centre (VSSC) in 2018, the primary center of ISRO, he oversaw the development of launch vehicle technology. Under his guidance, VSSC accomplished notable achievements such as the demonstration of the Crew Escape System through the Pad Abort Test (PAT) and the successful launch of GSLV Mk-III M1/Chandrayaan 2 mission. He led the development of crucial systems for the Gaganyaan program, as well as the initiatives like the Small Satellite Launch Vehicle and Air-Breathing Launch Vehicle programs.

He is a Fellow of esteemed institutions such as Indian National Academy of Engineering (INAE), Aeronautical Society of India (AeSI), Astronautical Society of India (ASI), Indian National Academy of Sciences (INSA) and Kerala Academy of Sciences. He is Life Fellow of IIT Kharagpur and Hon. Life Fellow of The Institution of Engineers (India). Additionally, he is a member of the International Academy of Astronautics (IAA).

He has published papers in the area of structural dynamics and control, dynamic analysis of separation mechanisms vibration and acoustic testing, launch vehicle design and launch services management. He has been providing leadership in motivating young minds through innovative programs of outreach and spreading the awareness of the power of space technology on the lives of common people of this country.

His contributions in the area of technologies of Launch vehicles made India a major power in this closely guarded technology and self-reliant in launching all of our spacecrafts from Indian soil.

In recognition of his invaluable contribution to the field of space technology and Indian Space Program, Dr. D. Y. Patil Vidyapeeth, Pimpri, Pune is proud to confer the Degree of **Doctor of Science** *(Honoris Causa)* on **Shri. Somanath S.** on April 13, 2024.

Respond by

Shri. Somanath S.

Indian Space Research Organisation (ISRO), Bengaluru

Good morning to all of you.

Honourable Ramnath Kovindji, former president of India, Dr. P. D. Patil, Chancellor of Dr. D. Y. Patil Vidyapeeth, Pune, and all the distinguished people on the dais, invitees, faculty, and graduates. I'm honoured to be amongst the alumni of D. Y. Patil Vidyapeeth and being awarded the Doctor of Science Honoris Causa. I believe that this recognition is not for me alone, but also for the thousands of people that have been connected to me. I also present this award as an honour to all of them who worked for this country. I want to tell you on this occasion, that for a sector like space, where we thought that for India it is quite a hard task to accomplish something great, a feat like this has made history, now that we have achieved this.

The best part of it is that we have realized that the design; development and implementation were all done by our people, and have been developed in India. This gives us huge confidence to tread our future paths not only in space technology but also in high technology areas of various natures. This nation needs to claim its rightful place in the committee of nations in Amrit Kaal. When we reach 2047, we would like to see our nation at the top in many domains, making India a powerful country to be reckoned with, and also ensuring the best life possible for everybody in this world to come and live in this nation. I think this is a goal and this is a wish that we all have. And for space, we would like to remain as a torchbearer for all the possibilities that are there in front of us. And to be a part of that great journey, I'm honoured.

Thank you so much.

CITATION

Presented to

Prof. (Dr.) Shantaram Balwant Mujumdar

at 15th Convocation held on April 13, 2024

We are honored to recognize Dr. S. B. Mujumdar for his remarkable contributions. Known as the visionary Founder and President of Symbiosis, Dr. Mujumdar has established an esteemed, multinational, multilingual, and multi disciplinary educational institution guided by the principle of 'Vasudhaiva Kutumbakam' – the World is one Family. He is also the Chancellor of Symbiosis Skills and Professional University, Pune, Maharashtra's first skill Development University and Symbiosis University of Applied Sciences, Indore. His journey, from a professor of Botany to the establishment of the world-class Symbiosis International University, epitomizes his profound impact on global education.

Dr. Mujumdar's academic voyage began with humble roots. His foundational education took place in Gadhinglaj, followed by formative years in Kolhapur and Pune. Notably, he secured first-class with distinction in his Master's Degree (M.Sc.) in Botany from Pune University and further earned his Doctorate (Ph.D.) in Microbiology. Dr. Mujumdar's academic journey continued at Fergusson College, Pune, where he emerged as a prominent figure. As Professor and Head of the Department of Botany, his dedication spanned over two decades, during which he significantly influenced the academic landscape. He actively participated in Pune University's governance, serving on the Executive Council, Senate, Academic Council, and as Chairman of the Board of Studies in Botany. Served as the Foreign Academic Advisor for the Indian Council for Cultural Relations (ICCR) at Pune University for many years.

Driven by empathy for foreign students facing challenges while studying in Pune, Dr. Mujumdar established 'SYMBIOSIS' in 1971, aiming to offer them a "Home away from Home." The term "Symbiosis," rooted in botany and signifying 'living together for mutual benefit,' aptly encapsulated his mission of fostering international understanding and camaraderie between Indian and foreign scholars. This endeavor symbolised the ancient Indian philosophy of 'Vasudhaiv Kutumbakam' - the world is one family. Today, Symbiosis International University stands as a testament to his vision of promoting international understanding through quality education. In 2022, Symbiosis marked its Golden Jubilee with the presence of Prime Minister Narendra Modi, who inaugurated the 'Symbiosis Aarogya Dham' healthcare campus. This advanced facility includes the Symbiosis Medical College for Women, offering free medical education to five deserving young women annually, alongside the Symbiosis University Hospital & Research Centre and allied health institutes. The SUHRC, with 900 beds, offers free medical treatment and serves as the primary healthcare provider for four districts and 142 villages, attending to over 1200 patients daily. Dr. Mujumdar puts a lot of emphasis on Social Responsibility; hence university's SCOPE Centre serves nearby communities by adopting villages and hamlets, providing healthcare, sanitation, waste management, financial aid, digital literacy, legal counseling, and scholarships. Family Doctor Clinics (FDCs) and Mobile Medical Units (MMUs) further extend healthcare support to villages in Pune district.

The Symbiosis Society has under its ambit the Symbiosis International University and K12 Schools, College of Arts and Commerce and Museums - the Afro Asian Cultural Museum and the Dr. Babasaheb Ambedkar Museum & Memorial. Today, Symbiosis has over 45,000 students from all the states of India and from over 85 countries studying in different disciplines like Law, Management, Computer Studies, Media and Communication, Humanities and Social Sciences, Medical and Health Sciences, Engineering and Architecture & Design. Symbiosis International University has campuses in India spread across different cities viz. Pune, Nashik, Nagpur, Bengaluru, Hyderabad and NOIDA.

His scholarly contributions are showcased by over 50 original research articles in esteemed national and international scientific journals. He also authored numerous books on Life Sciences and penned over 200 articles encompassing Science, Education, and Youth Development. Notably, Dr. Mujumdar assumed the role of Chairman of the Educational Wing of the Federation of Indian Chambers of Commerce and Industry (FICCI).

Dr. Mujumdar's contributions have garnered him numerous accolades. The President of India recognised his exceptional contribution to the field of education by bestowing upon him the 'Padma Shri' in 2005 and 'Padma Bhushan' in 2012. The prestigious 'D. Litt.' honor from Tilak Maharashtra Vidyapeeth followed in 2016, alongside being the inaugural recipient of the 'Dr. APJ Abdul Kalam Memorial Award.' He was specially felicitated at the hands of Hon'ble Minister for External Affairs Smt. Sushma Swaraj for his contribution to international understating in 2018. His achievements also include the Punya Bhushan Award, FIE Foundation Puraskar, 'Maharashtra Gaurav Puraskar' by Govt. of Maharashtra at the hands of Shri. L. K. Advani, Former Deputy Prime Minister of India and the 'Excellence in Education' Award from the Top Management Club Pune, to name a few. Furthermore, his commitment to service was acknowledged through the Rotary Club of Pune's 'Service Excellence Recognition Award (SERA)', Lifetime Achievement Award and the esteemed 'Paul Harris Fellow' recognition from The Rotary Foundation of Rotary International

Dr. Mujumdar's lifelong dedication culminated in numerous other awards, such as the Giant International Lifetime Achievement Award, Lion Gaurav Puraskar, Pune Municipal Corporation's 'Roll of Honor for Lifetime Achievement,' and the Lifetime Achievement Awards bestowed by FICCI and Pune Festival.

In recognition of his invaluable contribution to the field of education and social upliftment, Dr. D. Y. Patil Vidyapeeth, Pimpri, Pune is proud to confer the Degree of **Doctor of Science** *(Honoris Causa)* on **Prof. (Dr.) S. B. Mujumdar** on April 13, 2024.

"Cultivate three qualities:
Innovation, Compassion, and Passion"

Namaste to all...

Loudly say Namaste to our Kovind Saheb. Still louder. Namaste. Thank you. In 2018, you were the chief guest of the Symbiosis International University Convocation and you had planted a small sapling of "bhavaniya". Now it has become a tree. And we take special care of it. Why? Because it was planted by you, the President. And then a few years back, I do not know how, but my friend P.D. Patil thought of inviting you. And once Symbiosis and D.Y. Patil starts inviting you, I am sure you will have to come to Pune often. So, Sir, welcome to the city, welcome to this devoid-of-petrol university. I acknowledge this University's vice-chancellor Dr. N. J. Pawar, Dr. Somnath, Chairman ISRO, who has received DSC along with me, members of the Executive Council, Academic Council, invited dignitaries and my dear students.

Let me first extend my deep appreciation and respect to Dnyandeo Yeshwantrao Patil, for establishing this prestigious university. This university has produced distinguished students, scholars, scientists, and doctors. And as luck would have it, both of us were born in the same year. And both of us were educated in the same college, Rajaram College at Kolhapur. Bhagyashree, please convey my highest regards to Dr. Patil. I am thankful to my friend Dr. P.D. Patil and his colleagues for conferring DSC "Honoris Causa" which I accept it with humility and pleasure. My dear students, and how energetic it is to see so many students belonging to so many faculties graduating today, congratulations to all of you on receiving degrees. But remember, receiving a degree is not the end of education.

WORLD PEACE UNIVERSITY
DPU

From tomorrow onwards, you will move into the city and society, a new type of education, a new type of teacher, and that teacher's name is experience, professional experience. And that experience will teach you something more than what your professors have taught you in the classroom. I would just request you to cultivate three qualities – your brain, your heart, your stomach. They are doing their normal physiological and other functions, but can you train your brain to innovate? Can you train your heart to have some compassion? And can you train your stomach or belly to have passion? These three qualities will go a long way in giving you success in your life, whatever faculty you belong to and have spent years in higher education. And since I do believe that Somanathji, Ramnathji Kovind are also interested in higher education and in education in general, and mutualism in nature in particular, I would like to share some of my thoughts. India has the second-largest education system in the world. Next to China. There are 43,760 colleges and 4.32 crore students in higher education, managers and graduates working in different fields. Together they constitute the human resource of our country. Ladies and gentlemen, if this is the case, then I have to ask you a few questions. Why then are our youths unemployable? And why more classes for zero-basis admissions and jobs? I feel something is rotten in the system of education. You see, during World War II, Hitler's Nazi party had created gas chambers and he murdered – you know how many? – 60 lakh Jews.

And who murdered them? Please listen. And how do we come to know? At the end of World War II, a letter was found in a Nazi concentration camp. This letter was addressed to teachers. And please listen to this letter. Dear teachers, I am a survivor of the concentration camp. My eyes saw what no man should witness. Gas chambers built by learned engineers, children poisoned by educated physicians, infants killed by trained nurses, and women and babies shot and burned by high school and college graduates. The letter further goes on, to help your students to become humane. Your efforts must never produce learned monsters, skilled psychopaths, or educated illiterates. Reading, writing, and are important, only if they serve towards making our children have a better future. Most of our institutions do not provide value education, moral science or ethics, Medical, nursing and engineering colleges are business schools. And what I will read now further is more interesting. At the entrance gate of the university in South Africa, the following message was posted for contemplation.

What does it say? Destroying any nation does not require the use of atomic bombs or the use of long-range missiles. It only requires lowering the quality of education and allowing cheating in the examination by students. Patients die at the hands of such doctors. Buildings and bridges collapse at the hands of such engineers. Money is lost at the hands of such economists and accountants. Humanity dies at the hands of such religious scholars. Justice is lost at the hands of such judges. The collapse of education is the collapse of the nation. See the importance of education. See the importance of quality of education. Even though many institutions claim to offer quality and holistic education, unfortunately, most of our educational institutions concentrate only on one aspect, and that one aspect is competence. The other four, character, conscience, compassion and commitment, are grossly neglected. No wonder corruption, violence, intolerance, murders, abortions and terrorism are increasing. The best example is to be human and humane, compassionate and kind, tolerant and respectful, just and truthful. My friends, this is a Herculean task and requires concentrated efforts, long-term planning and effective implementation. And sir, you will agree with me, the National Education Commission 2020, which was headed to create a model where education creates a man and a human, who is a woman. It has created a situation in which Indian values and Indian knowledge systems are embedded in the curriculum, even in engineering, medicine and management. And so, there is a great hope that NEP 2020 will produce a system of education which will combine Eastern wisdom and national, western dynamism. Eastern wisdom pertains to the Indian knowledge system and Western dynamism pertains to various modern sciences and technology. This is what is done, this is what is required. Congratulations to you. "Sarve bhavantu sukhina, sarve santu nirame". May all of you be healthy, happy and healthy.

God bless you. Thank you.

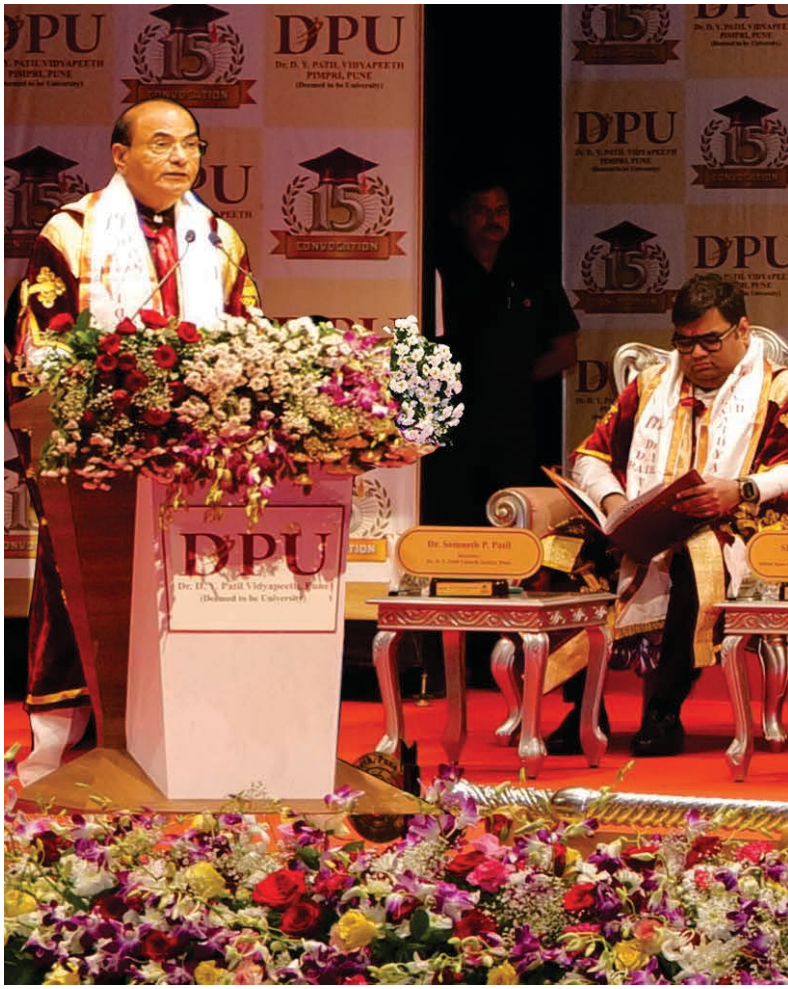
"May the knowledge and experience gained at DPU guide you towards fulfilling careers and lives

Distinguished Chief Guest on the dais, Shri Ramnath Kovindji, Honourable Former President of India, Honourable Dr. Somanath S. Chairman, Indian Space Research Organization, ISRO, Founder President, Symbiosis, Pune and Chancellor, Symbiosis International, Deemed University. Dr. Mrs. Bhagyashree Patil, Pro-Chancellor, Professor Dr. N. J. Pawar, Vice-Chancellor, Dr. Smita Jadhav, Secretary and Pro-Chancellor, Dr. Somnath Patil, Secretary, Dr. D. Y. Patil, Unitech Society, Dr. Yashraj Patil, Treasurer, Dr. D. Y. Patil, Vidyapeeth Society, and Dr. Narendra Kadu, Registrar, esteemed members of the faculty, colleagues, staff of the DPU, dear graduating students, and their proud parents, members of the press and media, ladies and gentlemen. I am delighted to join you today on the occasion of the 15th Convocation ceremony of DPU. It is my honour and privilege to warmly welcome you all. I would like to thank all my colleagues, administrative leaders, and distinguished faculty members for their contribution to our collective success and for the support they have given me personally. In his speech, Vice-Chancellor Dr. N. J. Pawar reviewed the notable success of DPU. Esteemed attendees, it is my great honour to extend a warm welcome to our distinguished guest, Shri Ramnath Kovindji, the Founder of the Patriot of India, Sir, I would like to sincerely welcome you to this Convocation ceremony. Sri Ramnath Kovindji brings to his esteemed office a wealth of experience garnered from working across various positions of the Republic, ranging from grassroots initiatives to engagements at the apex court and Parliament. The volumes of speeches delivered by Shri Kovindji during his presidency have been compiled into a book titled Republican Ethics and Lok Tantra Ke Swar.



The speeches delivered by Shri Kovindji constitute an integral part of our heritage, preparing the posterity of the vision, aspiration and accomplishments of the nation as articulated by our Head of State. Speaking about NEP 2020, he has rightly called for achieving the twin vision of inclusion and excellence in education, quite in reflection of his awareness of the needs of the common people. Respected Sir, DPU is truly thankful to you for taking the time out of your very busy schedule to attend the function. Thanks a lot. Ladies and Gentlemen, Today, we also confer honorary doctorates upon two great personalities.

Doctor of Science, Honorary Scholar is awarded to Honourable Shri Somanath S. Chairman ISRO and Padma Bhushan and Padma Shri Dr. S. B. Mujumdar, President Symbiosis Pune, both of these individuals contributed greatly to the organization. Most of us already know Sri Somnath S. Chairman of the ISRO. Under his leadership, ISRO took to its third mission to Indian lunar exploration, known as Chandrayaan-3. India was very proud of the moment when the

lander Vikram and a rower called Pragyan landed closer to the lunar South Pole area on the Moon on August 23. Somanath sir stands as the most influential figure in the Indian space domain, leading the nation's most ambitious space machine, he has a remarkable journey of life. From growing up in a home without electricity to leading the ISRO, Shri Somanath Sir has come a long way. His journey has transcended the boundaries of earth and has achieved global recognition for the Indian Space Research Organisation. His passionate work and confidence to create a bright future for his organisation and the country is one of the driving forces propelling India's great ambitions in this decade and the ones to come.

Whenever we talk about the achievement of Dr. Somanath Sir, for the entire India, it is a fact of pride. On behalf of Dr. D. Y Patil Vidyapeeth, I extend my sincere thanks to Dr. S. B. Muzumdar Sir for accepting this well-deserved doctorate. It is with great honour and admiration that we acknowledge his exceptional contribution to education and beyond. The man behind Symbiosis is Dr. Muzumdar Sir, who is dedicated, visionary, hardworking and obsessed, with novel ideas, and has laid the foundation for successful institutions. He is a role model for many people in the education field. Throughout more than 50 years of sunshine and shadow, happiness and depression, success and rude shocks, he is the man who has always been there, all the time he thinks, talks and dreams about Symbiosis. Pune has a rich history of learning, shaped by many notable figures. figures, and Dr S. B. Muzumdar is one such standout Today is a recognition for his significant contribution to knowledge and learning. My dear students, I extend my sincere congratulations on your academic achievements, the culmination of years of dedication, and hard work. As you embark on your future endeavours, may the knowledge and experience gained at DPU guide you towards fulfilling careers and lives. Congratulations once again and best wishes for your life

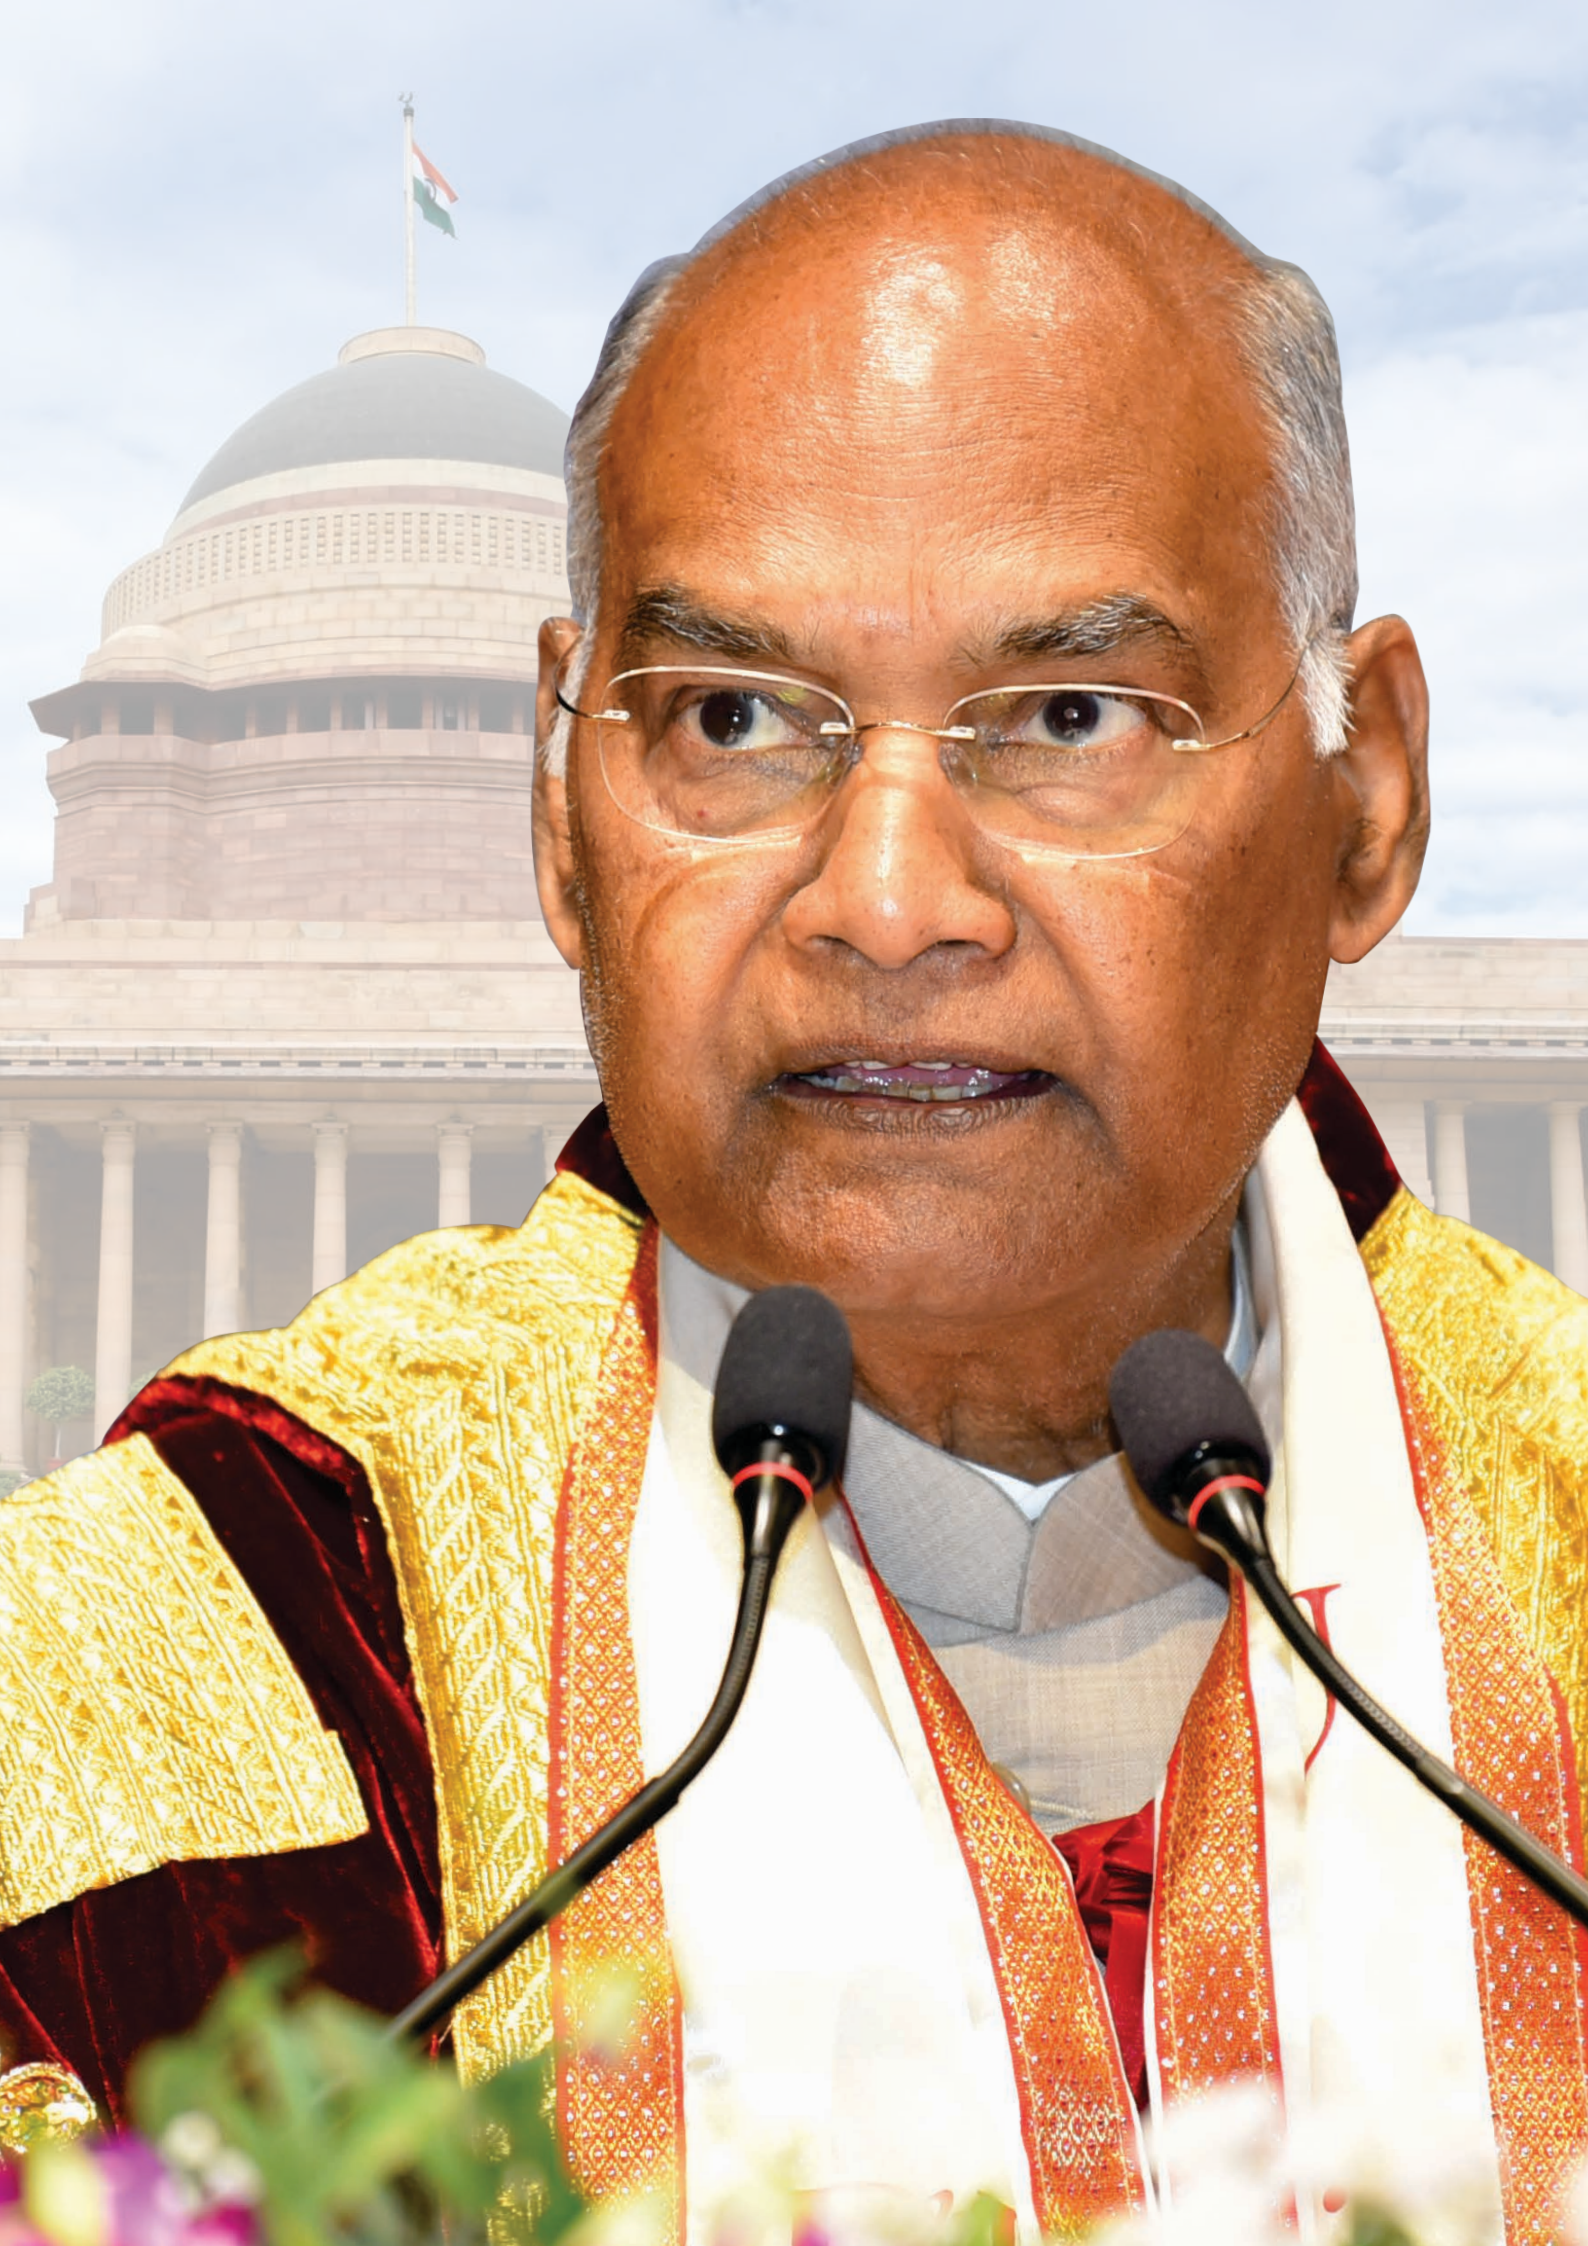
Convocation Address by

Shri Ram Nath Kovind

Hon'ble Former President of India

"Our education, training, research, and innovation must contribute to national missions."



Chairman ISRO, S. Somanath. Founder and Chancellor, Symbiosis Group of Institutions and Symbiosis International University, Dr. S. B. Mazumdar. Chancellor of Dr. D. Y. Patil, Vidyapeeth, Pune. Dr. P. D. Patil, Pro-Chancellor. Dr. Bhagyashree tai Patil, Vice-Chancellor Dr. N. J Pawar, Pro-Vice-Chancellor Dr. Smita Jadhav, Dr. Yashraj Patil, Treasurer and Dr. Somanath Patil, Secretary, Dr. D. Y. Society, members of the Executive Council and Academic Council, members of faculty, parents and my dear students. I am delighted to be present among you all today and participate in the convocation of your prestigious institution. It is a memorable moment for all the graduating students as they step into a new phase of their lives today. It will be a life of hopes, opportunities, and I am sure, success as well. Convocation is undoubtedly an important milestone in the lives of the students. It reaffirms the invaluable role played by the institution and its teachers in imparting knowledge and shaping the outlook and personality of every student. It is a subtle way of informing that the students have been carved into young professionals and are ready to take on the challenges of the world. I am told that the Vidyapeeth offers graduate, post-graduate, super speciality and also doctoral programs in various disciplines of health care.

2308 students are getting their degrees at the convocation today. Of which 21 students have been conferred gold medals. And everybody will be surprised when the gold medallists come to the dais to receive their medals. Out of 21, 16 are girls. And if we look at percentage-wise, this is approximately 75%. This is a big thing. This scenario reflects the future of India. And with this space, we are rather certain when we talk of Vikasit Bharat by 2047, it will be. It will be done, I am sure. I extend my heartiest congratulations to all the students for their scholarly achievements and my sincere appreciation to their parents for nurturing their children's talent.

Ladies and gentlemen and students, recognizing the contributions made by eminent personalities in various fields is a part of Indian culture, and I am happy that Vidyapeeth has honoured today two such personalities by conferring on them the degree of Doctor of Science. personalities deserve special mention and appreciation. I congratulate Sri Somanath S. for the Doctor of Science conferred on him for his outstanding contribution to advancement in the Indian space program, notably in the successful development of UK-3, Chandrayaan-2, thereafter Chandrayaan-3, and pioneering innovative approaches for the small satellite launch vehicle. I know Sri. Somanath for quite a long time. It was way back in July 2019, I think, when I visited Srihari Kota, the launching pad for the Chandrayaan-2 mission. I witnessed his zeal and dedication as a space scientist. It was amazing and inspiring for the young generation of space scientists. The second occasion was the launch of the 200th consecutive successful flight of RH-200, the workhorse-sounding rocket of ISRO on 23rd November 2022 from Thumba Equatorial Rocket Launching Station, Thiruvananthapura. One thing I would like to especially mention to this audience is that during my visit

to Srihari Kota , I got acquainted with the scientists, the space scientists, I found that the majority of the scientists were ladies. And you see, the project director brought to my notice about one lady scientist. She told me, the project manager herself was the lady scientist. She told me, sir, this is a scientist, a lady scientist, who delivered a baby only one month back and she decided to leave her baby with her in-laws and came back and reported on duty. That shows dedication and here also the same dedication is reflected among the 16 girls who have got gold medals. I also congratulate Dr. S. B. Majumdar on the Doctor of Science conferred on him for his immense contributions to the field of higher education and the internationalization of higher education. I had the privilege of addressing, as Prof. Majumdar himself said, the SYMBIOSIS International University Convocation Ceremony in October 2018 at Pune, which was presided over by Dr. Majumdar himself. I have visited Pune numerous times earlier, but this city never fails to amaze me with its rich culture and legacy. And Professor Mazumdar, your observations were true. I may be coming here"bar-bar". The scholarly devotion, patriotism and social commitment of Chhatrapati Shivaji Maharaj, Mahatma Phule, Lokmanya Tilak and Dr. Babasaheb Ambedkar has given this city an unparalleled legacy. Further, my learned predecessor, Srimati Pratibha Devi Singh Patil, being the first woman President of India, happens to be the new addition to this city's legacy. It is this legacy which your institution has to take forward and I must say it has also been successful. Ladies and gentlemen and students, I am happy to note the commendable journey made by your Bidyapeet in a short span of 20 years. I must compliment Dr. D. Y. Patil and Dr. P. D. Patil for their visionary zeal and the faculty members for their relentless efforts. I am especially delighted to note that the Vidyapeeth has been accredited by NAAC with A++ grade. In addition, under the National Institutional Ranking Framework 2023 conducted by the Ministry of Education, the Vidyapeeth has achieved third rank in the dental category, and 15th rank in the university category in India. I congratulate the management, faculty, and students for this achievement and hope that more such laurels come your way. My dear young friends, I feel that convocation symbolizes their young friends. I feel that convocation symbolizes the importance of continuity and hence the duty of each generation to transmit knowledge, wisdom and cultural values to the next ones.

Graduation is not the end, but the beginning of a long professional journey of excellence. As you move ahead, you must strive to practice your professional expertise with empathy, humility and compassion for the betterment of the nation and its people. I am repeating these observations. When I say I am repeating, Professor Mazumdar has already set. There is a vast difference between learning from books in the protected environment of our universities and experiencing the real world outside. For those who are now at the threshold of a new dawn, this day has come when you will have a world full of challenges and trials. Facing the real-life challenges outside needs both vision and purpose in life. Yes, there will be difficulties, but nothing that you won't be able to surmount. There may be obstacles, but none that you cannot overcome. The memories of a student's life will be your treasure forever. It is important that you carry forward the values and principles that your faculty and the Vidyapeeth have instilled in you. I was

just speaking to your Chancellor when he was administering the pledges to you all. I just told him that everybody who is sitting here, everybody has taken these pledges while graduating. But life. That is more important. It is important that you carry forward the values and principles that your faculty and the Vidyapeeth have instilled in you. Such memories and teachings will give you continued strength and inspire you to always scale new heights and bring pride to your alma mater. Ladies and gentlemen, higher education has a unique role in preparing torchbearers of tomorrow in different fields from medicine to management. Irrespective of whether the students choose to become teachers, administrators, businessmen, or social scientists, higher educational institutions need to mould the next generation by inculcating the core values of patriotism, honesty, integrity, discipline, compassion, respect for women and pluralism. Always remember that wherever we are, we have to give back to society in whatever manner you can afford to. I am sure of the teachings and orientation of the students at Dr. D. Y. Patil Vidyapeeth is fully in tune with these requirements. But today, we also need to walk towards creating a knowledge society. Today, the digital revolution is sweeping the world, and technology is completely changing every facet of our life. We not only have to keep pace with various advancements, but we also need to visualize future requirements and reorient our curricula accordingly. In this rapidly changing landscape, we cannot overlook the transformative impact of artificial intelligence and machine learning.

These technologies are revolutionizing the way we teach and learn, offering personalized learning experiences tailored to individual student needs. They enable us to analyze vast amounts of data to identify learning patterns, predict students' performance, and customize educational content. Integrating artificial intelligence and machine learning into the entire education system not only enhances the efficiency of teaching methods but also prepares students for better digital literacy and adaptability are paramount. Let us embrace these technological advancements as tools to empower educators and students alike, ensuring that our education system remains dynamic, inclusive and equipped to meet the challenges of tomorrow. Our universities must continue to be always relevant to society and the nation. They must contribute to the upliftment of the society. We must align ourselves with the national missions and challenges.

Our government has initiated many programmes like Swachh Bharat Avyaan, Digital India, Make in India, Viksit Bharat in 2047 and many other exciting and ambitious avians which have the power to lift India to a state of an advanced nation. Our education, training, research and innovation must contribute to them. Dear friends, innovation is the key to success in today's world. Don't follow your predecessors or peers blindly. Think creatively to find solutions to the problems faced by society. It is also important for you to dream big, to make a mark and achieve success. Albert Einstein once said, , I am enough of an artist to draw freely on my imagination. I am enough of an artist to draw freely on my imagination, which I think is more important than knowledge. Knowledge is limited, imagination encircles the world." So step aside and paint the canvas of your future in the brightest colours and make your institution, your city and country proud. Lastly, I recollect my association with the founder of Vidyapeeth, Dr. D.Y. Patil. He was my predecessor when I assumed the office of Governor of Bihar in 2015. We remember his contribution as Governor, made for the welfare of the people of Bihar. My best wishes for his healthy and happy life. Now I am coming to an end. Some were looking at their wristwatches. Dear friends, as we honour the achievements of graduates, let us also acknowledge the contributions of your parents, dedicated teachers, staff, and all those who have shaped and nurtured your young minds. I salute them for their untiring efforts to build future-ready and responsible citizens of our great nation, India. I once again congratulate all the students who have been conferred with degrees and awards. I urge them to live this dream for the nation by dedicating themselves to the service of mankind. My congratulations, good luck, good health and good fortune to each one of you.

Thank you.
