Vice Chancellor's Report

Dr. D. Y. Patil Vidyapeeth (DPU), Pimpri, Pune
(Deemed to be University)

“

DPU is a rapidly growing and dynamic university with a distinct academic and research culture that promotes merit, values, and academic freedom.

Most Esteemed Chancellor of Dr. D. Y. Patil Vidyapeeth, Pune, for today's Convocation Ceremony, Hon'ble Dr. P. D. Patil, Dr. (Mrs.) Bhagyashree P. Patil, Hon'ble Pro-Chancellor, Dr. D. Y. Patil Vidyapeeth, Pune; Shri Mahesh Muralidhar Bhagwat, Additional Director General of Police (Law and Order), Telangana State; Dr. Somnath P. Patil, Pro-Chancellor, Dr. D. Y. Patil Dnyan Prasad University, Pune; Dr. (Mrs.) Smita Jadhav, Pro-Vice Chancellor, Dr. D. Y. Patil Vidyapeeth, Pune; Dr. Yashraj P. Patil, Treasurer, Dr. D. Y. Patil Vidyapeeth Society, Pune; Members of the Executive Council and Academic Council; Deans of Faculties; Distinguished Guests; Faculty Members; Administrative Staff of the Vidyapeeth; Parents; Students; Members of the Press and Media; Ladies and Gentlemen:

It is my proud privilege and honour to welcome each one of you—on behalf of the Vidyapeeth and on my behalf—to this auspicious and solemn occasion of the 16th Convocation of Dr. D. Y. Patil Vidyapeeth, Pune.

It is a matter of great honour that Dr. P. D. Patil Sir, a visionary educationist and dynamic leader, has graced this occasion with his esteemed presence. His unwavering commitment to excellence in education, healthcare, and social welfare has transformed countless lives and positioned Dr. D. Y. Patil Vidyapeeth as a global centre of learning. With his progressive outlook, innovative approach, and dedicated leadership, he continues to shape the future of education and empower society through knowledge. Sir, your words of wisdom and guidance will undoubtedly inspire and motivate us all. We look forward to your invaluable insights and blessings on this auspicious occasion.

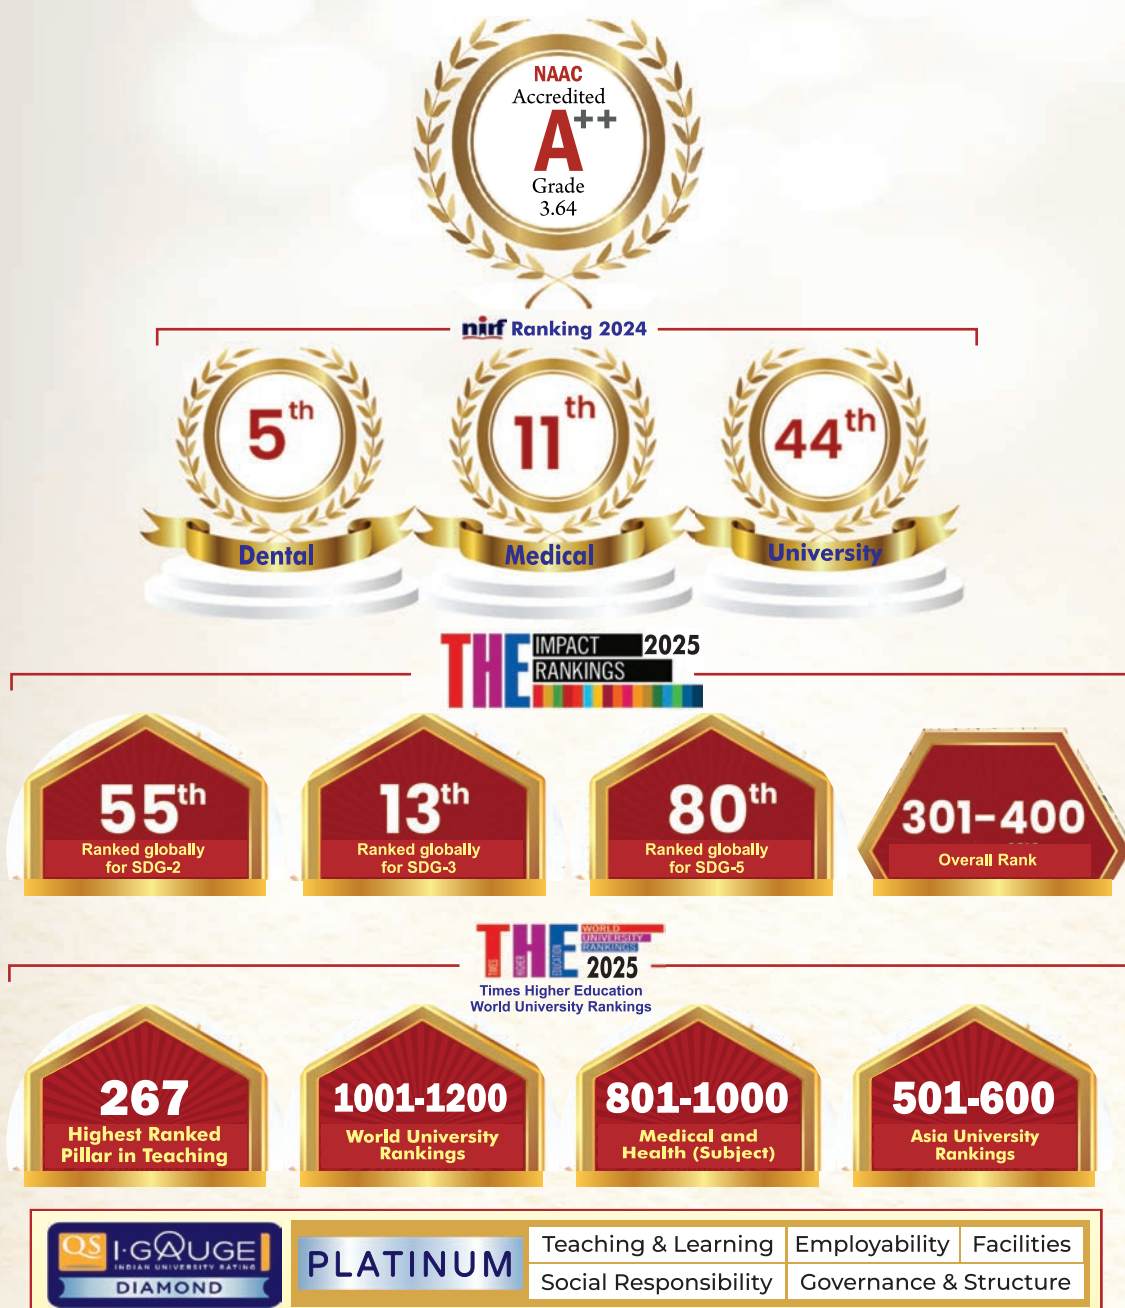

At the outset, I wholeheartedly congratulate all the graduands who have completed their education at this temple of learning and have become eligible to receive the degrees of the Vidyapeeth on this memorable day. **Today, a total of 12,244 degrees—to 1,276 undergraduates, 10,884 postgraduates,**

11 diploma students, and 73 Ph.D. fellows—are being awarded after having completed their studies and passed the examinations during this period. Gold Medals are being bestowed upon 31 candidates who secured the highest marks in their respective disciplines.

We are deeply honoured to inform you that the Doctor of Science (*Honoris Causa*) degree will be conferred upon Shri Mahesh Muralidhar Bhagwat. Dr. D. Y. Patil Vidyapeeth proudly recognises his outstanding contributions to the progress and development of a vibrant India. The remarkable achievements and selfless service of such eminent personalities have made them worthy of their reputation. They have honoured this Vidyapeeth - and society at large - by accepting the Doctor of Science (*Honoris Causa*) degree today.

Let me share some of the recent achievements and ongoing developments at Dr. D. Y. Patil Vidyapeeth, Pimpri, Pune, since the last convocation held on 13 April 2024.

Dr. D. Y. Patil Vidyapeeth is a rapidly growing and dynamic university with a distinct academic and research culture that promotes merit, values, and academic freedom. As a nation of 1.4 billion people - with over two-

thirds of the population aged 15–64 years - India possesses a significant human-resource asset. The key challenge, therefore, is to empower this young generation, enabling them to contribute not only to the national economy but also to the global landscape.

In alignment with NEP-2020, our courses and programs have been redesigned to meet the evolving demands of interdisciplinary and holistic education. We have introduced academic mobility between programs and courses, offering multiple exit and entry options, modernised curricula, and implemented reforms in evaluation

procedures, including integration of the Indian Knowledge System.

We are committed to fostering an academic environment of international standards in healthcare education, adopting a competency-based curriculum and an integrative approach under the visionary leadership of our Hon'ble Chancellor, Dr. P. D. Patil. His unwavering support, guidance, and dynamic leadership continue to inspire and shape the progress of our Vidyapeeth, for which we are deeply grateful.

Research

A University can grow exponentially only when teaching and research are combined symbiotically, as they cannot exist independently. I am proud to state that in 2024, DPU published more than 2,700 papers in international and national journals of repute, indexed in Scopus, Web of Science, and PubMed. There has been a significant rise in the h-index from 71 to 83, indicating higher citations and translational value. In 2024 alone, a total of 21,157 citations were received out of 96,000. The highest impact factors among publications during the year were: 98.4 (The Lancet), 93.6 (British Medical Journal), 58.7 (Nature Medicine), and 46.5 (Lancet Neurology). I am especially proud that two of our PG students published an article in the New England Journal of Medicine (impact factor 96.2). This year, DPU published 102 patents and had 7 granted. In addition, 30 copyrights were registered.

Additionally, the DPU Foundation for Innovation, Incubation and Entrepreneurship was awarded a prestigious grant of ₹5 crore from the Maharashtra State Innovation Society, Government of Maharashtra. The Dr. D. Y. Patil Biotechnology and Bioinformatics Institute was recognised as a Centre of Skill Development in Computational Biology and designated as the Acharya Chanakya Kaushalya Vikas Kendra by the Ministry of Skill Development and Entrepreneurship, Government of India, through the Maharashtra State Skill Development Society. Furthermore, the School of Design signed a Memorandum of Understanding (MoU) with the Media & Entertainment Skill Council (MESC) to establish a Centre of Excellence in Design.

Research thrives with strong financial support. DPU remains committed to fostering research

excellence, providing over ₹1 crore in seed funding this year. Moreover, our university received over ₹11.4 crore in extramural grants from DBT, DST, ICMR, AYUSH, CCRAS, CCRH, BIRAC, pharmaceutical industries, and international agencies such as the National Institutes of Health (USA) and the National

Institute of Allergy and Infectious Diseases (USA). These achievements underscore DPU's unwavering commitment to advancing research and innovation on a global scale.

International Collaborations

At DPU, our commitment to research under the theme “Breaking Boundaries – Finding Frontiers” drives us to forge strategic partnerships with renowned institutions worldwide. Through MoUs and collaborative agreements, we have built valuable international linkages that allow us to tap into a vast pool of global expertise and knowledge. We prioritise international research collaborations, recognising their crucial role in advancing knowledge and addressing complex global challenges. By bringing together researchers from diverse countries and institutions, these partnerships combine expertise and resources to deliver innovative solutions. The exchange of ideas, methodologies, and data within these alliances facilitates groundbreaking discoveries, strengthens scientific networks, and cultivates a shared commitment to expanding the frontiers of human understanding.

>> Annexure – 3

Faculty / Students participating in International Conferences

Our faculty and students actively engage in prestigious international conferences, fostering a dynamic exchange of knowledge and ideas on a global platform. These conferences offer invaluable opportunities to present cutting-edge research, collaborate with experts, and explore emerging trends. In the past year alone, 111 faculty members and students participated in various international conferences, presenting research papers and posters, further enhancing DPU's global academic presence.

>> Annexure – 4

Conferences, Seminars, Workshops organized at DPU

We are deeply committed to fostering academic excellence, research innovation, and professional development. To achieve this, we regularly organise a diverse array of conferences, seminars, symposia, workshops, Continuing Medical Education (CME) programs, webinars, and faculty-development sessions across a broad spectrum of disciplines. These events serve as intellectual hubs, bringing together renowned experts, academicians, industry leaders, researchers, and students to engage in meaningful discussions, exchange knowledge, and explore emerging trends and challenges.

Our meticulously curated programs provide participants with cutting-edge insights, encourage cross-disciplinary collaborations, and facilitate networking opportunities with global thought leaders. They also play a pivotal role in skill enhancement, curriculum development, and technological advancements by integrating the latest research findings and industry best practices.

Since the last convocation, DPU has successfully organised over 200 such events, covering health sciences, biotechnology, management, engineering, and interdisciplinary fields. By continuously hosting these academic initiatives, DPU reaffirms its dedication to creating a thriving academic ecosystem, promoting lifelong learning, interdisciplinary collaboration, and global engagement.

Outstanding Contributions by Faculty

We take immense pride in our exceptional faculty, who serve as the driving force behind our institution's academic and research excellence. Their unwavering commitment to continuous learning ensures that our students receive the highest quality education, empowering them to become a limitless source of talent and innovation. With the combined efforts of students, faculty, staff, and alumni, we are steadfast in our mission to transform DPU into a "World-Class University." Over 260 faculty members have been honoured with prestigious awards and recognitions, further strengthening DPU's reputation for academic excellence. They have also been invited as resource persons, panellists, and judges for various international and national conferences, showcasing their leadership in shaping the future of education, research, and professional practice.

>> **Annexure – 6**

Students' Achievements

Introducing activity-based and interactive teaching-learning sessions has revolutionised active learning, leading to faster and deeper comprehension among students. This approach encourages innovative thinking and enables teachers to better assess students' overall understanding. I cannot possibly list all the laurels earned by you, my dear DPU students, but it is my hope and dream that these are small steps toward the greater achievements that await you. We have implemented innovative concepts - experimental,

integrated / interdisciplinary, participatory, problem-solving, self-directed, patient-centric, evidence-based, project-based, and role-play methods—to enable a holistic understanding of subjects. Moreover, DPU students actively engage in national and international conferences, presenting papers and posters, and have excelled in intercollegiate sports competitions, with 143 students securing prizes since the last convocation. I am also happy to share that two undergraduate students from the Homoeopathic Medical College have achieved an exceptional feat: nine SCOPUS-indexed publications, two SCOPUS-indexed books, and co-applicant status on

22 patents and 70 copyrights—a remarkable accomplishment at the undergraduate level.

>> **Annexure – 7**

Renowned Visitors

The visits of renowned personalities have added tremendous value to DPU, enriching our academic environment and bringing invaluable insights to our community. Through their expertise, wisdom, and experience, these distinguished guests inspire our students, faculty, and staff. Workshops, lectures, and interactive sessions conducted by these eminent visitors have enhanced the learning experience, fostered innovative thinking, and created impactful networking opportunities. Their contributions broaden intellectual horizons, shape new perspectives, and advance academic excellence at DPU. Since the last convocation, we have hosted over 100 national and international thought leaders, whose presence has played a pivotal role in the continuous growth and success of our institution. These visits underscore our commitment to global engagement and the ongoing development of a world-class academic culture.

>> Annexure – 8

Extracurricular Activities by DPU Students

Extracurricular activities are an integral part of vibrant campus life at DPU, where students engage in a wide range of pursuits beyond the classroom. Sports enthusiasts find their niche in athletic clubs, compete in intercollegiate tournaments, and foster teamwork and sportsmanship. Community service initiatives and volunteering programs emphasise the university's commitment to social responsibility, instilling empathy and civic engagement in students. Through these extracurricular endeavours, DPU students hone their skills, cultivate camaraderie and purpose, enrich their collegiate experience, and prepare for success in life.

Social Outreach

Dr. D. Y. Patil Medical College boasts a modern superspeciality hospital with world-class infrastructure: over 2,011 beds, 62 wards, 23 OPDs (basic and superspeciality), 175 ICU beds, 32 modular operation theatres, 64 private rooms, 25 dialysis units, and two cath labs. Our hospitals are NABH-accredited, and our laboratories are NABL-approved by the Quality Council of India. Diet and medicines are provided free of cost for IPD patients. Facilities include angiography, angioplasty, cardiovascular surgery, robotic surgery, orthopaedic robotic systems, CT and MRI scanners, 24×7 pharmacy, blood bank, and the unique Yashoda Human Milk Bank. The hospital has performed 224 renal, 77 liver, 4 heart, 31 lung, 4 heart–lung, 5 kidney–pancreas, 2 liver–kidney, and 79 corneal transplants. The medical hospital also has an advanced IVF and endoscopy centre.

Dr. D. Y. Patil Dental College and Hospital operates a busy outpatient department (OPD) serving lakhs of patients annually, along with comprehensive inpatient facilities. As part of its social outreach initiatives, the college extends dental care through mobile dental services and satellite centres at Alandi, Yerawada Jail, Kamsheth, and Savitribai Phule Pune University, among others. It actively promotes oral health awareness through education programs targeting schoolchildren, tobacco users, and the public. Regular oral health surveys and field programs are conducted in collaboration with primary health centres to ensure broader community engagement and preventive care.

The College of Ayurved, Hospital and Research Centre has organised 127 health camps—10 pediatric camps conducted by the Balrog Department, 108 general health camps, and 9 health camps—serving 15,507 patients. In line

Nursing students participated in the National Pulse Polio Immunisation Programme, administering polio doses and visiting homes in PCMC. All relevant national and international days are commemorated, instilling pride and a sense of belonging in students pursuing a noble profession.

Students of all Constituent Units (Medical, Dental, Ayurved, Homoeopathic, Nursing, Physiotherapy, Optometry, Biotechnology, GBSRC, Design, Liberal Arts, Science & Technology, and Allied Health Sciences) celebrated important national days and conducted activities such as health check-up camps, awareness programmes, exhibitions, street plays, essay competitions, rallies, blood donation drives, and organ donation awareness drives in rural areas. Additionally, all constituent units participate in flagship government programs like Viksit Bharat @ 2047, Swachh Bharat Mission, Swachhata Hi Seva campaign, and Unnat Bharat Abhiyan.

Infrastructure

DPU has always endeavoured to deliver quality education within a globally benchmarked learning environment featuring modern amphitheatre-style, air-conditioned classrooms, high-tech labs, and libraries. Not only has the physical infrastructure been extensively modernised, but facilities and equipment have been improved at an accelerated pace. All constituent units boast spacious buildings, state-of-the-art infrastructure, well-equipped laboratories, carefully planned lecture halls with audio-visual facilities, auditoriums, and well-designed administrative offices—all exceeding statutory council norms. Before I close, I invite my faculty and staff to join me in congratulating Shri Mahesh Bhagwat on being conferred the degree of Doctor of Science (Honoris Causa).

CITATION
Presented to

Shri. Mahesh Muralidhar Bhagwat
at 16th Convocation held on May 26, 2025

We are privileged to honor Shri. Mahesh Muralidhar Bhagwat, a distinguished Indian Police Service (IPS) officer of the 1995 batch, Telangana cadre, whose exemplary career embodies dedication to public service, law enforcement, and work for the betterment of society beyond the call of duty.

Born on June 17, 1969, in the drought-affected Pathardi Taluka of Ahmednagar district (Ahilyanagar), Shri. Bhagwat's journey from a Marathi-medium Zilla Parishad school to national and international recognition is a testament to his resilience and determination. He completed his Bachelor of Engineering in Civil Engineering from the College of Engineering, Pune, and later earned LLB from Osmania University, Hyderabad, further enhancing his capacity for service and justice.

Currently serving as the Additional Director General of Police (Law and order), Telangana State with headquarter in Hyderabad, Shri. Bhagwat has held key positions across Manipur, Andhra Pradesh, and Telangana states. Notably, he served as the Police Commissioner of Rachakonda for an unprecedented 6.5 years, the longest tenure in the country, during which he spearheaded numerous initiatives for community welfare, anti-trafficking, and crime prevention.

His career is adorned with numerous accolades, including the President's Police Medals for Gallantry (2004), Meritorious Service (2011), Distinguished Service (2022), Police Ati Utkrushta Seva Medal (2024), International Community Policing and Homeland Security Awards from the International Association of Chiefs of Police, USA and prestigious Trafficking in Persons Report Hero Award (2017) from the U.S. Department of State, recognizing him as the first Marathi IPS officer and the only third Indian IPS to receive this global honour.

Shri. Bhagwat's pioneering efforts in anti-trafficking have redefined enforcement and rehabilitation. Over two decades, he has rescued more than 2,000 women and children from trafficking networks and closed 200 brothels involved in exploitation. He also led the rescue of over 7,000 bonded labourers and child labourers, initiating the Worksite School Project, which provides education in their native languages, particularly for children of Odisha migrant workers.

A prolific contributor to anti-trafficking literature, Shri. Bhagwat has co-authored eight books in collaboration with the United Nations Office on Drugs and Crime and the Ministry of Home Affairs, India. His works are now foundational resources for anti-trafficking training programs nationwide. Recognized internationally for his thought leadership, Shri. Bhagwat has represented India at forums such as the United Nations Anti-Trafficking Conference (Vienna, 2007) and has delivered talks on human trafficking and community policing at esteemed institutions, including UMSL, St. Louis, USA, and LBSNAA, Mussoorie.

As a mentor to over 2,000 UPSC's Civil Services, Indian Forest Services & CAPF AC post aspirants, including toppers like AIR 1 Ishita Kishore (2023) and AIR 3 Doneru Ananya Reddy (2024), Shri. Bhagwat has played a pivotal role in shaping the future of India's civil services, fostering a generation of leaders committed to excellence and public service.

Shri. Bhagwat's unwavering focus on combating organized crime, ensuring victim rehabilitation, and fostering education and empowerment underscores his transformative impact on society. His career is a shining example of how leadership, empathy, and innovation can drive systemic change.

Today, we celebrate a life dedication to law enforcement, humanity, nation-building, and the extraordinary achievements, which serve as an inspiration to generations, embodying the highest ideals of public service and social reform. Dr. D. Y. Patil Vidyapeeth (DPU), Pimpri, Pune is proud to confer the degree of **Doctor of Science (Honoris Causa)** on **Shri. Mahesh Muralidhar Bhagwat** on this day of 26th May 2025.

*Though you are going to do wonders in
whatever endeavours you have chosen,
you should maintain a learning attitude.
That is very, very important.*

 In this auspicious occasion of the 16th convocation of Dr. D. Y. Patil Vidyapeeth, I would like to acknowledge the President of today's function, Honorable Dr. P. D. Patil, Chancellor; Pro-Chancellor Honorable Dr. Bhagyashree Patil; Vice-Chancellor Dr. N. J. Pawar; Pro-Chancellor Dr. Somnath Patil; Pro Vice-Chancellor Dr. Smita Jadhav; Treasurer Dr. Yashraj Patil; Registrar Dr. J. S. Bhawalkar; all other dignitaries on the dais; all the attendees, especially my better half, Sunita Bhagwat, who is currently the Additional PCCF in Hyderabad (an Indian Forest Service officer).

My best friends are here today - friends from my school, college, and some of my colleagues.

I want to specially mention two of my friends from Arya Bhag Pariwar, who were instrumental in connecting me with Dr. D. Y. Patil University, especially with P. D. Patil Sir: Mr. Kalyan Taware, my 34-year-old friend, and Sachin Itkar. This is my second time here, including in 2023 for the Jagtik Marathi Sammelan.

I was present here, and I had been eagerly waiting for this day. Though I am an engineer, my father had a wish that I should become a doctor. Against his wish, in 11th and 12th standard, I ran away from home and decided not to prepare for medicine but to prepare for engineering entrance exams only. I got into COEP, and so he was a little unhappy.

So, I think that "Doctor" before my name—bestowed today by P. D. Patil Sir - will have made him proud. A special thanks to P. D. Patil Sir and the entire team.

My heartiest congratulations to all the fellow graduates, the faculty, families, and friends who are attending this ceremony today.

I must appreciate your hard work, your perseverance, and your exciting journey. Now the time has come to embrace the future with open hearts, courage, and a thirst for learning. The world is waiting for each of you to make your contributions.

Just now, while reading the recitation, Pro-Chancellor Bhagyashree Ma'am mentioned *Pitru Devo Bhava*, *Matru Devo Bhava*, and *Acharya Devo Bhava*—or, as we call it, *Guru Devo Bhava*.

We always say that we've gone from 1G to 6G, but we must not forget our Guruji. The *Guru* is always important, and we should never forget all the mentors who have influenced our lives. They may be our parents, our siblings, or our childhood teachers.

Just yesterday, I connected with Wing Commander Vyomika Singh, who served during Operation Sindoor. She was giving a briefing, and I came across an anecdote about her. When she was in school, during her 10th-grade farewell, she met her Hindi teacher. The teacher told her, "आप के नाम में जो व्योम है, व्योम का मतलब Sky. So you are destined to touch the sky." She remembered that and eventually became a Wing Commander in the Indian Air Force. And you all know the rest is history.

So, all our teachers and parents from childhood definitely have expectations from us, and we should strive to fulfil their wishes.

All the learning you have acquired here—whether during your degree program, postgraduate program, or advanced programs like DM and others—has prepared you. But the real questions in life will not come from a syllabus. There will be no syllabus.

So be prepared for that. Real life starts now.

We always say that in India, people keep learning until the age of 30. And then, after learning for 30 years, they realise they haven't learned anything! So, after 30, they start learning again. That second phase of life awaits you.

Though you are going to do wonders in whatever endeavours you have chosen, you should maintain a learning attitude. That is very, very important.

I completed my law degree at the age of 45 and even attempted to complete my LLM, but couldn't finish it due to work responsibilities.

But I feel lucky today that D. Y. Patil University is honouring me at the age of 55. This recognition has given me an added responsibility to work even harder in the future. To all the graduates today, my sincere advice is: don't forget the roots you come from. In Marathi, we say:

"मातीशी आपली नाळ तोडू नका, मातीत जन्मलेली माणसं ही मातीला कधी विसरत नाहीत आणि पायाला चिकटलेली माती सहसा कधी दूर करत नाही. त्यामुळे आपली जी नाळ आहे मातीशी, ती नेहमी तुम्ही जीवंत ठेवा..."

Don't forget your alumni, your alma mater, or the friends you made here. They are your true friends. Because this friendship is without any self-interest. Once you start working, you will build friendships with colleagues, but that's a different kind of friendship.

The friendships you form here—those are selfless, genuine, and lifelong. These are the friends who will help you in a time of crisis.

I always believe in the 5 Cs, and I advise both students and graduates to follow them:

1. Character
2. Courage
3. Courtesy
4. Conviction
5. Commitment

These five Cs are always important. Please keep following them throughout your next 30 to 40 years of your professional journey.

Mark Twain once said—and I quote—"There are two important days in our life: the day we are born, and the day we realise why."

That "why" is very, very important.

In Japan, they call it *Ikigai*—the purpose of life. What is our purpose in life? God has sent each of us to this world to do something. And we must do it. We must deliver that package before we leave this world.

So, every human being is important...

Honourable Dr. P. D. Patil Sir, Chancellor, Dr. D. Y. Patil Vidyapeeth, Professor Dr. N. J. Pawar Sir, Vice-Chancellor, Dr. D. Y. Patil Vidyapeeth, Honourable Chief Guest Dr. Mahesh Bhagwat Sir, Additional Director General of Police, Law and Order, Hyderabad, Telangana, Mrs. Sunita Bhagwat, Srimati Jayashree Patil (Satara), Dr. Smita Jadhav, Pro Vice-Chancellor, DPU, Dr. Somnath Patil, Pro Chancellor, Dr. D. Y. Patil Dnyan Prasad University, Dr. Yashraj Patil, Treasurer, DPU, Dr. J. S. Bhawalkar, Registrar, DPU, esteemed members of the Executive Council and Academic Council, Deans, distinguished guests, proud parents and families, members of the press and media, and most importantly, our shining stars today—the graduating students of 2025.

Good afternoon and warm greetings to you all.

It is with immense pride, deep emotion, and great hope that I stand before you today to welcome you all to the 16th Convocation Ceremony of D. Y. Patil Vidyapeeth, Pimpri, Pune. I am truly delighted to be here with all of you on this momentous occasion—a day of celebration, reflection, and endless opportunity.

Today, on this auspicious occasion, we are awarding the Honorary Doctorate to Dr. Mahesh Bhagwat Ji. It is my pleasure to speak about a person who demonstrates dedication, vision, and unwavering commitment to social progress. I recall respected Dr. Mahesh Ji taking part in a program at the 18th World Marathi Sammelan, organised by DPU on January 2, 2023, right here in this auditorium.

Indeed, civil servants like IAS and IPS officers often have no spare time to go beyond the call of duty. Yet, he is one of those extraordinary individuals who has defied the odds to serve society, leading from the front.

तुमच्या Naxalite मोहिमेला खरंच सलाम आहे, तुम्ही आज जे तुमचे अनुभव सांगितले त्यामुळे खरोखरच मन भारावून गेलेलं आहे.

Beyond his professional responsibilities, he has personally mentored over 2,200 IAS, IPS, and IFS aspirants, helping them prepare for their UPSC interviews.

For his achievements, Dr. Mahesh Ji credits his wife, Mrs. Sunita Bhagwat, an IFS officer, for her determined support in helping him pursue his dream—his noble cause.

Sir, I strongly believe you have inspired all our students, and I am sure you will continue to inspire many more in the future.

And I'm sure, Sir, our students नक्कीच पहिल्यांदा आपल्या चेहऱ्यावरची धूळ काढतील आणि मगच आरसा पुसतील, याची मला खात्री आहे.

Distinguished audience,

The seed of this institution was sown in 1984 by Honourable Dr. D. Y. Patil Sir. It was his vision. With his blessings, Chancellor Dr. P. D. Patil Sir strived hard to develop the various institutions further and established a world-class facility with state-of-the-art infrastructure, academics, and quality healthcare services.

Today, under the dynamic leadership of Honourable Dr. P. D. Patil Sir, we proudly operate two distinguished educational societies—Dr. D. Y. Patil Vidyapeeth Society and Dr. D. Y. Patil Unitech Society—each a premier university. Dr. D. Y. Patil Vidyapeeth and D. Y. Patil Dnyan Prasad University operate under the brand name DPU, respectively.

Together, these two societies serve over 32,900 regular students, delivering benchmarked education across a wide array of disciplines including medicine, dentistry, nursing, physiotherapy, optometry, biotechnology, management, Ayurveda, homeopathy, School of Design, allied health sciences, engineering, pharmacy, computer science, law, liberal arts, hotel management, arts, commerce, and science.

To put it simply, we have institutions from KG to PG under one umbrella. This extensive academic ecosystem comprises 29 institutions, along with two specialized centers for online learning and skill development, with a committed team of more than 1,700 highly qualified faculty members dedicated to excellence in teaching, research, and innovation. With a vibrant network of over 1,35,000 alumni, our graduates are making

significant contributions in renowned hospitals, healthcare institutions, and multinational corporations worldwide.

At DPU, we believe that education is not just the transmission of knowledge; it is the transformation of lives. We have nurtured students to become leaders, innovators, and change-makers.

Students, wherever you go—be it a village clinic in India, a hospital in New York, or a research field—you will always carry with you the DPU legacy. This legacy is now carried forward by the three dynamic young leaders of our family: Dr. Smita Jadhav, Dr. Somnath Patil, and Dr. Yashraj Patil, who now manage and administer these two educational societies.

My dear students, Today, we celebrate your academic achievements and the power of education. My heartiest congratulations to all the awardees and to the 12,247 graduating students.

You are now officially ambassadors of this prestigious university. You will walk forward not only with your degrees but with the power to heal, the wisdom to lead, and the heart to serve. You are stepping into a world that demands not just knowledge, but deep compassion. Each one of you is a story—a symbol of dedication and determination, of early mornings and late nights, of sacrifices made and dreams dared.

Behind you stand the pillars of strength—your parents, families, and mentors—who believed in you even when you doubted yourself. Let us take a moment to offer them heartfelt gratitude.

Mathrudevo bhava, Pitru devo bhava—in your hands lies the trust of humanity; in your minds, the science of centuries. And in your hearts must live the empathy that this world so desperately needs.

The future will challenge you—not only with clinical puzzles or academic hurdles, but with

ethical dilemmas, emotional fatigue, and moments of inner doubt. In those moments, I urge you to recall your oath. Recall the values this university stands for, and recall the memory of this day—when the world paused to applaud you.

A personal message from my heart: When I look at you today, I don't just see students—I see sons and daughters of a dream.

A dream that my father, Dr. D. Y. Patil Dada, dared to imagine decades ago, along with respected Dr. P. D. Patil Sir, way back in 1984. A dream of accessible, inclusive, world-class education. A dream where tradition and technology walk hand in hand. A dream where India would rise through its youth.

You are that dream—alive, vibrant, and ready to conquer the world. Dear students, fly high, stay grounded, and always remember: success

is not just in healing bodies, but in touching lives. Your degree is your tool, but your character is your legacy. Prosper well, earn well—but even more, live well. Rise high, but never forget the roots that nurtured you.

Let this convocation be a glorious beginning. Go forth and build a world that is healthier and profoundly more human—filled with positivity.

Now, I would like to conclude by chanting a mantra for manifesting a successful goal:

"यं यं चिन्तयते कामं, तं तं प्राप्नोति निश्चयम्"

This means: Whatever you wish for—if you wish it with great devotion and inner consciousness—you will surely achieve it.

Thank you. God bless you. Wishing you all the very best.

Thank you very much.
